# SIGNATURE MENU WINE PAIRING

## CLASSIC PAIRING
**95PP**

**2023 | Idda Bianco | Sicilia, Italy**

*Crafted by the Gaja family from Etna's southern slopes, this exceptional white opens with an intricate mix of stone minerals, savoury spice, and bright orchard fruits. Massively textured yet precise, it strikes a brilliant contrast between ripe nectarine sweetness and a razor-sharp, mouthwatering finish of salted citrus and green apple.*

**2024 | Le Battistelle 'Montesei' Soave | Veneto, Italy**

*Hailing from steep volcanic hillside vineyards in the heart of the historic Classico zone, this vibrant Garganega bursts with bright citrus, juicy white peach, and a classic hint of green almond. Crisp and delightfully playful on the palate, it balances a charming fruit-driven texture with a clean, saline-mineral finish that perfectly encapsulates summer in a glass.*

**2024 | I Custodi, 'Pistus', Nerello Mascalese | Sicilia, Italy**

*A soulful tribute to Sicilian tradition, the Pistus captivates with its bright red fruit profile and mineral-driven purity. Its graceful, light-bodied structure and polished tannins make for a refreshing and pristine expression of high-altitude Nerello Mascalese.*

**2017 | Cantine di Dolianova, Moscato di Sardegna | Sardegna, Italy**

*Grown on limestone and granite soils around Dolianova and crafted by the renowned Sardinian cooperative this moscato shows purity and lifted aromatics.*

## SOMMELIER PAIRING
**160PP**

**2023 | Giuseppe Quintarelli, Bianco Secco | Veneto, Italy**

*The 2023 Bianco Secco is a refined and captivating blend of local and international grapes, offering a layered profile of green melon, lime zest, and salty minerals that punch well above its class. By combining traditional Veneto varieties with a touch of air-dried fruit, the Quintarelli family has crafted a bright, textured white that balances elegant tension with a long, fresh finish.*

**2020 | François Millet & Fils, 'La Macabrée' | Auxey-Duresses, France**

*This compelling white Burgundy delivers an impressive breadth on the nose, slowly evolving with air into a fine, ginger-spiced profile that closely mirrors the style of a Meursault. On the palate, a textural richness meets a vibrant line of purity and freshness, beautifully framed by hints of apple and a delicate touch of fine tannin.*

**2019 | Poderi Aldo Conterno 'Quartetto' | Piemonte, Italy**

*This compelling blend of Nebbiolo, Pinot Noir, Merlot, and Syrah opens with a dark, alluring nose of black prunes, blackberries, and sour cherry, layered with complex hints of liquorice, wild myrtle, and warm cinnamon spice. On the palate, it is medium-to-full-bodied and wonderfully soft, balancing its rich depth with rounded tannins and an enveloping, flavorful finish crafted with the iconic estate's hallmark polish.*

**2023 | Pressing Matters, 'R139' Riesling | Tasmania, Australia**

*Hailing from Tasmania's Coal River Valley, the 2023 R139 is a luscious Riesling defined by the estate's unique volcanic limestone soils and a cooling micro-climate that fosters deep fruit intensity and a steely acid structure. Part of a precisely calibrated range where the name clearly denotes its residual sugar level, this vintage captures the vineyard's "high-density, high-quality" philosophy through a vibrant, crystalline expression of late-ripened fruit.*

## AMBASSADORS OF:

# PODERI ALDO CONTERNO

*The Bussia vineyard is far more than a source of fruit; it is the physical foundation of the Conterno legacy and the realization of a dream decades in the making. While the family's roots in Monforte d'Alba stretch back to the 19th century, Bussia represents the specific terroir Aldo chose in 1969 to define his independent vision. The estate acts as a "calm and patient interpreter" of this land, famously practicing a rigorous selection process known as taking the "fillet" of the vineyards. Though their 25 hectares could easily yield up to 280,000 bottles annually, the family chooses to cap production at approximately 80,000 bottles, ensuring only the most virtuous essence of the Bussia hills – the heart of the Barolo area – is ever bottled under the Aldo Conterno name.*

**Poderi Aldo Conterno 'Bussiador'** **150ml 750ml**

*A bold and sophisticated Chardonnay that challenges the traditional Piedmontese focus on reds. Fermented and aged in small oak barriques, it delivers a rich, buttery texture balanced by the bright acidity and mineral backbone typical of the Bussia terroir.*

| **2019** | Poderi Aldo Conterno 'Quartetto' | Langhe Rosso | 55 | 250 |

**Poderi Aldo Conterno 'Il Favot'**

### Croatina & Blends

*Croatina is a red Italian variety that is grown primarily in the Oltrepo Pavese region of Lombardy and Emilia Romagna. It has characteristics similar to the Dolcetto grape in that it tends to produce fruity wines that are mildly tannic and can benefit from bottle aging. Lino Maga, called Commendatore, is a legend of Italian Wine and his name is linked to that of Barbacarlo, he is the finest interpreter for the Croatina.*

*Schioppettino is a dark-skinned grape variety native to Friuli-Venezia Giulia in the far northeastern corner of Italy. It was saved from extinction in the 1970s, and is now regaining the respect and recognition it once enjoyed. Most Schioppettino wines are medium-bodied, deeply-colored, aromatic on the nose and spicy to the palate.*

## Nebbiolo

*Native to Valtellina Valley, Lombardia, Nebbiolo is thought to derive its name from the Piedmontese dialect 'nebia', meaning "fog"; it's considered to be a "terroir-expressive" variety, in that it picks up more of the earth, soil, and climate characteristics. It is also an old grape, first being referenced as far back as the 1st Century. Salute!*

**Barbaresco**

*The three communes of Barbaresco each offer a distinct expression of the Nebbiolo grape: the namesake town of Barbaresco leverages its proximity to the Tanaro River and chalky marls to produce structured yet elegant wines from legendary vineyards; Neive serves as the warmest and lowest zone, where dense blue marls create powerful, firm wines contrasted by lighter styles from its sandier eastern slopes; and Treiso, the highest and coolest commune, utilizes its windy elevation and sandy soils to craft the appellation's most fragrant, silky, and spice-laden bottles.*

***Barolo***

*Perched along the Tanaro River, the village of Verduno benefits from a unique microclimate where river currents shield vineyards from storms and provide cooling nightly breezes. Known for producing the most distinctive and graceful wines in the Barolo zone, the region is defined by its elegant, lacy structures and the aromatic complexity of its premier vineyard, Monvigliero. While historically overlooked, Verduno has found recent fame among a new generation of enthusiasts drawn to its ethereal Nebbiolos.*

*As the highest town in the region, La Morra offers a commanding vantage point over the Barolo valley, characterized by a vast diversity of altitudes and soil types that range from chalky sands to iconic blue marls. The village is celebrated for a style defined by finesse, perfume, and bright fruit, producing wines that possess the grape's inherent tannic strength but are generally more approachable and graceful than those of its neighbors. This reputation for elegance is anchored by legendary vineyards like Brunate and Rocche dell'Annunziata, as well as a history of modernist innovation that helped define the clean, expressive character of contemporary Barolo.*

*The commune of Barolo serves as the geographical and stylistic heart of the region, where soils featuring a layered blend of clay marl and sand produce wines that masterfully balance power with elegance. Centered around the iconic Cannubi vineyard, the village is celebrated for a classic, often austere style characterized by deep structure, vibrant acidity, and a complex harmony that emerges through patient aging. Whether through single-site expressions or the traditional art of vineyard blending, these wines are regarded as some of the most balanced and "true" representations of the entire DOCG.*

*Perched atop a small, central ridge, Castiglione Falletto is a village of immense geological complexity, containing nearly every soil type found in the Barolo region, from white marl to sandstone. This diversity allows the commune to weave together the region's disparate traits, producing wines that marry heavenly aromatics and silkiness with deep structural power. *The commune of Serralunga is defined by a dramatic, high-altitude ridge where clay-limestone soils and compact sandstones yield some of the most powerful and structured wines in the region. These Barolos are renowned for their phenomenal tannic depth and aging potential, often born from sun-drenched, south-facing slopes that produce grapes of great concentration and strength. Despite this intensity, the village's best sites utilize their high elevations to maintain a characteristic "limestone lift" and mineral freshness, resulting in wines that marry a massive, brooding structure with staggering aromatic complexity.*

The commune is celebrated for producing Barolos of great perfume and elegance, anchored by expansive and world-famous crus like Bussia that encompass a wide range of topographies. This diversity allows Monforte to offer a multifaceted expression of Nebbiolo, resulting in some of the region's most powerful, multifaceted, and long-lived wines.*

The area is anchored by the celebrated Ravera cru, once used primarily to provide acidity for blends but now recognized as a site capable of producing profound, world-class single-vineyard wines. These Barolos are defined by their crystalline fruit, electric acidity, and remarkable freshness, traits that have helped Novello transition from an overlooked underdog to a premier destination for vibrant, high-altitude Nebbiolo.*

*Rossj-Bass gets his name from the Rossj vineyard named after Rossana, Angelo's second daughter. The wine is a blend of Chardonnay with a hint of Sauvignon blanc.*

After over 20 meetings with the previous owners the 70ha site was purchased at the end of 1996. The name Ca'Marcanda is derived from these protracted negotiations and is a term in the Piemontese dialect that means 'house of endless negotiations.*
