

CAMBRIA PINES LODGE

HISTORY

According to legend, Cambria Pines Lodge was built in 1927 by a European baroness as her personal retreat, inspired by the nearby Hearst Castle. Featuring a large Main Lodge surrounded by guest facilities, it became a hub for social gatherings. After her husband's ultimatum to return to Europe, she sold the property to the Cambria Development Company, which used it as its headquarters and a gathering place for prospective land buyers on Lodge Hill.

During the Great Depression, the Lodge became a fashionable resort, known for its rustic charm and as a convenient stopover for Hearst's guests when weather made travel to San Simeon difficult. The completion of Scenic Highway 1 in 1937, championed by local Senator Elmer Rigdon, made the area more accessible.

In the 1960s, the Lodge boasted its own zoo, complete with ringtail doves, an alligator, a monkey, six Irish setters and two hundred pheasants. Tame peacocks and peahens were the last remnants of the Lodge's zoo. They roamed the grounds until the mid-1990s, showing off their beautiful feathers and eating out of our guests' hands.

FROM OUR LAND TO YOUR TABLE

At the heart of our culinary philosophy is our family-run farm, 46 Ranch, located just a few miles inland. We grow what we can, harvest daily, and source only the freshest ingredients from trusted local and sustainable producers. Whether it's heirloom tomatoes, crisp lettuces, fragrant herbs, or pasture-raised eggs gathered by hand—our commitment to sustainable, flavorful food starts here. It's farm-to-fork the way it should be.
