## THE ARCHITECTURE

The Nolitan was designed by the architectural team Grzywinski+Pons. Grzywinski+Pons is a New York City based practice led by principals Matthew Grzywinski and Amador Pons. Their practice is committed to design excellence predicated on quality, beauty, innovation and a rigorous approach to detail. Dedication to this pursuit has led to significant levels of experience in designing and administering the construction of the built environment. With each commission, while anchored in a specific site and circumstance, Grzywinski+Pons endeavors to serve the programmatic and functional essence of the project through the application of concept driven design. Elements like light, form, means of circulation and material selection address function, aesthetic and experience cohesively. As a leed accredited firm Grzywinski+Pons embraces principles of sustainability in their design. They have developed a diverse body of work including retail, commercial, hospitality and residential commission which have garnered international attention.

## THE INTERIORS

The Nolitan interiors are the work of interior design firm Meyer Davis. Meyer Davis Studio Inc. is a comprehensive, award-winning architectural design firm based in New York City. Founded in 1999 by Will Meyer and Gray Davis, it has established itself at the forefront of the nation's high end residential and commercial practices. Residential clients have benefited from the diversity of the Meyer Davis lexicon ; a varied language referencing principles that range from modernist architecture to traditional design. Commissions from select giants of fashion retail have included Oscar de la Renta's in-store boutiques as well as his stores in Los Angeles, London, Athens, Madrid, and Dubai among many others. Numerous hospitality projects include the beloved New York restaurants Mas (an exceptional interpretation of a French Farmhouse), Boqueria (a sleek reinvention of traditional Barcelona tapas bars), Locanda Verde (a critics' darling owned by Robert DeNiro), and 10 Downing (a sophisticated Art Gallery and fine food establishment).

## THE FOOD

The Nolitan is excited to welcome our Nolita neighbors, Bread. Bread will re-open in the Spring, offering their friendly service and great food.
