Welcome Home!

ACQUAPURA SPA

„Acqua pura“ means „pure water“ and is the essence of the spa worlds in the Falkensteiner Hotels & Residences. Water revitalizes, relaxes and promotes physical wellbeing - it is not without reason that it is considered the elixir of life. From a spiritual point of view, water is assigned to the second energy centre, where creativity, wishes and dreams are anchored.

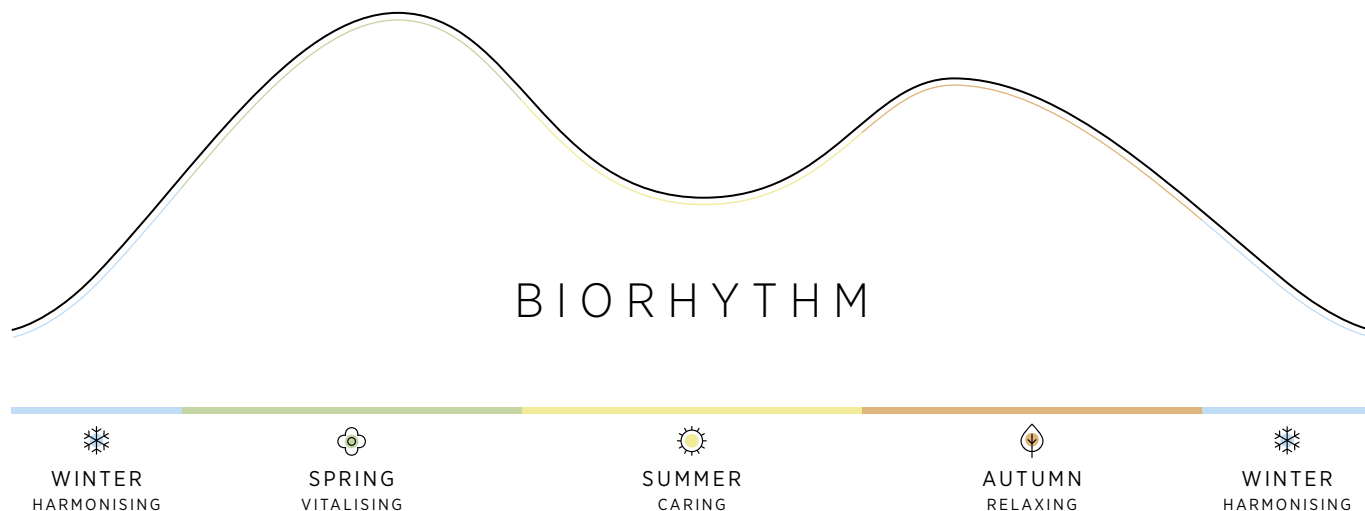

It strengthens the ability to get involved with things and to flow with them. If you connect unconditionally with the element water, this promotes the ability to better accept the unknown and to imagine the future in new ways.

Inspired by living in harmony with nature, everything flows together smoothly in the Acquapura SPA. Here, space is created for free thoughts and inner balance. A pure, holistic spa experience, which above all should create positive states of mind, relaxation, pleasure, joy, health and vitality. The Acquapura SPA is a place where you can rediscover your own centre and simply surrender to the moment.

THE ACQUAPURA PRINCIPLE

Overwhelmed by the complexity of everyday life, many people have partially forgotten to live in harmony with nature and themselves. The Acquapura principle is therefore geared towards personal balance and the natural biorhythm of life. These distinct, rhythmic phases reflect the course of the day and mirror the seasons.

All Acquapura SPA Treatments & Rituals are based exclusively on natural products, combat personal imbalance, and are tailored to individual needs. Energising and vitalising, nourishing and calming, relaxing, balancing and harmonising, or clear and pure.

PHYTOMER

ENVIRONMENTALLY FRIENDLY BIOTECHNOLOGY FROM THE SEA

For more than 40 years, research and development teams have been working on powerful marine ingredients, developing the cosmetics of tomorrow. The assets of the sea are combined with unique biotechnology.

PHYTOMER decodes the power of natural active substances from the sea and uses micro-organisms to develop modern and innovative ingredients. This new high-tech biochemistry is effective and harnesses nature's potential without harming it.

PHARMOS NATUR

Green luxury cosmetics for health, beauty & joie de vivre, inspired by the unique potential of Mother Nature. Pharmos Natur uses precious healing & rejuvenating plants from all over the world and combines the complex active ingredients in a sophisticated way. All essences are adaptogenic, i.e. they know where and how to act best.

Carefully and holistically the SACRED PLANTS are processed. Their rich active ingredients, their intensive light energy and their high vibration are contained in the valuable care products. The special feature: active ingredient-rich aloe vera instead of water, without the addition of alcohol and without classic preservatives.

A close-up photograph of a flowering magnolia tree. The image is filled with numerous large, light pink flowers with multiple petals, some in full bloom and others as buds. Dark, woody branches crisscross through the flowers. The lighting is soft and natural, creating a gentle, romantic atmosphere.
