DISCOVER CANBERRA

There is so much to see in this Capital City - Canberra Centre, National Film and Sound Archive, Canberra Museum and Gallery (where you can explore the cities visual arts and social history), National Capital Exhibition (get to know the history of Canberra and how it became the Capital of Australia), Canberra and Region Visitors Centre, National Library of Australia (this holds three different viewing Exhibitions per year to focus on different Australian literature, media, photography, art and design), Questacon (a great place for families to enjoy fun activities with science and technology), Museum of Australian Democracy and Parliament House (to understand the political and social history behind Australia).

Glebe Park, only a short walk from the Canberra Centre, is a perfect spot for a picnic, and a great place for children to play, with its beautiful sculptures and artwork to admire.

The beautiful Lake Burley Griffin is a must for a pleasant stroll or bike ride. It has plenty of places for children to play and great facilities if you were looking for a nice work out in the fresh air. The Water's Edge Restaurant is a perfect spot to enjoy breakfast or lunch, along with many cafes in the area and inside some attractions - Bookplate in the National Library, Portrait Café in the Portrait Gallery, the NGA in the National Gallery, or Elixir on the lake just after Questacon.
