## About Moraine Lake

With the Moraine Lake Access Road closed to personal vehicles, booking a shuttle is the only way to experience this world-famous lake — and it's absolutely worth it!

Bright turquoise in colour, framed by the towering Valley of the Ten Peaks, and once featured on the Canadian \$20 bill, Moraine Lake is one of the Rockies' most iconic sights. The water is glacier-fed and stays around 5°C (41°F) all year — perfect for dipping in a hand, but maybe not for a swim!
