ROOM RENOVATION 2027

A new room experience
for our guests

From January to May 2027, all 49 guest rooms at Hotel Spirgarten will be renovated in stages. With great attention to detail, all rooms will receive a new, warm and contemporary appearance.

Hotel Spirgarten began operations in 1957. The room design is inspired by the architectural language of 1950s architect Werner Stücheli. With this design, we honour the tradition and history of the Spirgarten as both an international hotel and a local meeting point.

Living with character

Natural materials, a harmonious interplay of green and terracotta tones, and pleasant lighting define the atmosphere.

Sleeping area – calm colours, natural materials, and indirect lighting.

THOUGHTFUL COMFORT:

- Cooled guest rooms
- USB-A and USB-C ports in all guest rooms
- TV with login option for personal streaming services
- Rain shower in all bathrooms
- Self-service check-in / check-out and mobile room access

CONSISTENT COMFORT:

- Personal service
- Brasserie Spirgarten for breakfast, lunch, dinner, coffee and apéro
- Seminar and event rooms for events from 8 to 880 people
- Parking spaces
- Excellent accessibility by public transport (tram stop "Lindenplatz" directly in front of the building)

With consideration for your stay

Our goal:

The rooms will be renovated in stages. We ensure that hotel and seminar guests are not disturbed.

Our thanks:

Should any inconvenience still occur, we apologise and thank you for your understanding.

**We look forward
to this new chapter.**

With the renovation, we are creating a contemporary, comfortable environment for our guests. We look forward to welcoming you soon in the newly renovated rooms.
