

# DAYDREAM ISLAND

## Living Reef Brochure

The Living Reef is a free form coral lagoon that wraps 200m around the central building on Daydream Island and is home to over 100 species of local marine life including fish, small sharks, rays and other reef dwelling creatures.

Up to 15m wide and containing 1.5million litres of fresh, filtered sea water, this man-made reef system offers a range of ways you can get up close to our resident marine animals. The Underwater Observatory takes you 4m under the surface and showcases a large 7x3m window where you can watch the marine life going about their day. The open learning environment in the Reef Exploration Centre has 8 living displays showcasing various habitats from mangroves to corals, and at its centre, a rock pool full of different ocean critters.

# Activities

## Stingray Splash

\$50pp

Take a splash in our shallow lagoon and feed our smaller rays their lunch. Discover why stingrays are called the puppies of the sea. This experience is both educational and truly unforgettable.

*Minimum age 6 years. Maximum 8 persons per tour*

## Ravenous Rays

\$40pp

Take a chance to get close and personal with some of the Living Reef residents, including colourful fish, rays, and sea stars and experience our Touch Pond. Then take a walk and tour of our Underwater Observatory. This hands on experience is a must do at Daydream.

\$150 Family (2 Adults and 2 children up to 12 years)

*Children 5years and under must be accompanied by an adult. Children 3 years and under are FOC but must be accompanied by a paying adult. Maximum 15 persons per tour.*

## Reef Rangers

\$150pp

Join our Marine Biologists as they take you through the restricted areas of the lagoon for a hands-on exclusive look at our Living Reef. You will assist in the public fish feeding show, as well as Stingray Splash and Ravenous Rays.

*Minimum age 6 years. Maximum persons 4 per tour.*

## Living Reef Guided Snorkel

\$130pp

By far the most fun packed tour we offer!

Snorkel with a marine biologist as they guide you around the largest Living Reef lagoon.

You experience up close encounters with the fish during fish feeding, hold sea stars and sea cucumbers, and pat the lagoon's large rays as they swim over the top of your laps. End the tour with 20 mins of free time to explore the lagoon on your own.

*Minimum age 10 years. Must be a competent swimmer. Maximum persons 6 per tour.*
