

 PRECISE RESORT
Puerto de la Cruz Tenerife

The Atlantic Crossroads

At the Edge of the Atlantic

Set on the cliffs of northern Tenerife,
where the horizon is shaped by movement.

Trade winds, distant shores,
and the quiet rhythm of the ocean
meet in a place suspended in time.

Here, light softens everything.
And each moment unfolds, slowly.

THE HOTEL

Spaces are designed to remain open, allowing light and air to move freely between interior and exterior.

Natural materials and soft textures create a quiet sense of continuity.

From morning to evening, each space evolves gently, shaped by the rhythm of light.

ROOMS & SUITES

Rooms and suites are shaped by their surroundings, each oriented toward ocean, gardens, or distant landscape. Private terraces and balconies extend the living space outward, maintaining a continuous connection to light, air, and horizon.

Interiors are calm and balanced, with a focus on clarity, comfort, and ease. The experience is defined by openness and the presence of the Atlantic throughout.

DINING

Dining at Precise Resort unfolds as a seamless expression of place, where Canary and Mediterranean flavours meet the Atlantic.

From refined à la carte moments at La Bodega to the seasonal, ever-changing offerings of Mar Oceano, each experience is shaped by its setting, the time of day, and the surrounding landscape.

COCOLOCO BAR

A sunlit retreat by the pool,
where fresh juices, light dishes, and signature cocktails unfold to the
flow of soft music and a gentle sea breeze.

EXPERIENCES

Experiences are shaped by the landscape and climate of Tenerife's northern coast.

From courts set within gardens to movement along the coastline and beneath the surface of the Atlantic, each moment follows the island's terrain and light.

A way of engaging with place through motion, observation, or stillness.

WELLNESS

Shaped by water, air, light, and volcanic earth.
A quiet sanctuary for balance, renewal, and ease.

MEETING AND EVENTS

Encounters take many forms, from conferences and retreats to weddings and celebrations.

From different paths, a shared setting, intuitive and grounded in place.
