Porta Hotel del Lago is committed to sustainability and making a positive impact on the community. In the first quarter of 2023, we made significant progress towards our sustainability goals.

Environmental Protection

We participated in the second community ecotourism forum for bird counting in the Lake Atitlán basin.

Occupational Safety

We trained our staff on the use and handling of fire extinguishers as part of our Health and Occupational Safety plan.

Community Engagement

We partnered with Amigos del Lago to hold two workshops on citizen participation and climate change for 82 young people from the surrounding areas of Lake Atitlán.

We made 16 donations to local organizations, benefiting over 320 people.

Employee Empowerment

We held a talk on empowerment and recreational activities for women to recognize the value that they represent within our company.

We are proud of our progress in the first quarter of 2023 and we are committed to continuing to make a positive impact on the environment and the community.
