

Welcome to the Crow's Nest. Perched on the sixth floor overlooking Marquette's lower harbor, we offer some of the most stunning views of Lake Superior from within the historic Landmark Inn. This iconic hotel, once known as the Northland Hotel and later the Old Marquette Inn, carries a story as rich and vibrant as the town itself. In the mid-70s, the sixth-floor restaurant introduced the Crow's Nest, quickly becoming a beloved destination for exceptional cocktails paired with unforgettable views. Later, changes in ownership inspired a new chapter as The North Star Lounge, bringing fresh energy to the space in the late '90s. Through every transformation, this cornerstone of Marquette's cocktail scene has continued to grow, and today we've reimaged what comfort, hospitality, and elevated mixology can be, while proudly restoring its original name, "The Crow's Nest." As you explore our menu, you'll discover drinks that honor the inn's storied past. Timeless classics alongside inventive new creations. We take pride in using fresh ingredients, offering a wide range of flavors, and crafting both spirit-forward cocktails and thoughtful zero-proof options. Whether you're here for a tried-and-true favorite or ready to try something new, we're delighted to have you with us, and we look forward to making your visit truly memorable. Thank you for joining us.
