

Environmental Policy U Khao Yai

At U Khao Yai, nestled in the serene embrace of Khao Yai National Park’s lush greenery, the hotel offers a peaceful retreat for discerning leisure travelers seeking nature, relaxation, and refined comfort. We are deeply committed to protecting the natural surroundings that define our unique atmosphere. Our environmental responsibility is guided by clear goals to ensure that guests enjoy a pure, tranquil experience while we operate sustainably for the future.

Our Commitments

1

Energy & Climate Care

- Implement Solar panel and LED lighting and energy-efficient air conditioning throughout the hotel
- Encourage staff and guests to adopt the “switch off when not in use” habit

2

River & Water Conservation

- Install water-saving fixtures such as low-flow showers and taps in guest rooms and public areas
- Promote towel and linen reuse programs for guests
- Treat wastewater responsibly before releasing it, minimizing impact on coastal area.

3

Waste Reduction & Green Practices

- Eliminate single-use plastic bottles, offering **refillable water bottles** instead
- Provide clear waste separation for recycling and composting food waste
- Collaborate with local suppliers to reduce unnecessary packaging

4

Sustainable & Local Sourcing

- Source fresh produce from **local farmers and organic suppliers** whenever possible
- Select environmentally certified products and partners
- Support local artisans and community-made products to strengthen Phetchaburi’s economy

5

Community & Nature Connection

- Organize guest activities that connect with nature, Partner with the local community to promote responsible tourism and environmental care
- Engage employees at every level to actively participate in sustainability efforts

U Khao Yai Sustainability Goals

Our commitment to environmental responsibility is underpinned by measurable goals. We track key resource consumption and waste generation, aiming for continuous reduction across our operations.

Category	Scope	Baseline	Unit	Reduction Target
Electricity	Scope 2	15.08	kg co2e/guest night	5%
LPG	Scope 1	0.14	kg co2e/guest night	5%
Diesel	Scope 1	0.04	kg co2e/guest night	5%
Water	Scope 1	932.95	litre/guest night	5%
Food Waste	Scope 3	0.02	kg/guest night	5%

These targets reflect our ongoing effort to care for the environment by reducing our footprint throughout hotel operations and guest services experiences.

Environmental Commitments

1. Pollution Prevention

We strive to prevent pollution through:

- Responsible chemical handling and storage
- Using environmentally friendly cleaning products
- Proper disposal of hazardous and non-hazardous waste
- Reduce GHG/CO₂-e emissions
- Green meeting initiatives + measuring function space usage

2. Compliance and Continuous Improvement

We comply with all relevant environmental laws, regulations, and standards.

- We monitor, measure, and report on our environmental performance regularly
- We set measurable objectives and targets to improve our environmental impact

3. Environmental Awareness and Training

We empower our team and inform our guests by:

- Providing regular environmental training to staff
- Engaging guests in our green practices through signage and in-room information
- Hosting or supporting community clean-up and conservation efforts

This policy is fully supported by hotel management and put into practice by all staff.

It is reviewed every year and updated when needed to keep our environmental goals current and in line with industry developments.
