

NEWS FOR IMMEDIATE RELEASE:

JAMAICA PEGASUS TRANSFORMS OUTDOOR POOL, POOL BAR AND GARDENS TO OFFER KINGSTON'S MOST EXCLUSIVE OUTDOOR VENUES

KINGSTON, Jamaica – March 24, 2023 – [The Jamaica Pegasus](#), Kingston's most distinguished address for business and leisure hospitality, is proud to announce the official reopening its new Pool Bar & Lounge as well as The Gardens at the Pegasus after a massive over US\$1 million transformation project.

The newly renovated Pool Bar was extended to four times its original size and now offers a gorgeous, covered Lounge area seating up to 80 patrons and is set to become the premier destination for sophisticated travelers and locals looking for a luxurious and stylish experience.

Presenting a Caribbean tropical feel that celebrates Jamaican culture, the Pool Bar and Lounge offer an elegant and contemporary atmosphere, with views of a lush tropical garden. The pool itself now features a sun lounger deck and the overall depth was decreased to allow a safer experience especially for families. At The Jamaica Pegasus, we strive to make our facilities accessible to everyone, including individuals with disabilities. That's why we have taken special care to ensure that our pool is accessible to all guests, regardless of their physical abilities.

Our pool, pool bar and garden area feature a number of accessibility features, including ramps that allows wheelchair users to access the facilities as well as to enter and exit the pool safely and easily.

In these stressful times we have also added to The Gardens at the Pegasus a Zen Garden which offers guests a space for meditation, reflection, and yoga. The hotel's jogging trail was also upgraded, and swings and benches dot the gardens for guests to enjoy the ultimate "me time".

Guests can enjoy an extensive selection of premium spirits, wines, and cocktails, crafted by our expert mixologists, while soaking up the sun and enjoying the refreshing poolside breeze.

"We are thrilled to open our new pool bar and lounge, which represents a new lifestyle experience in the heart of the city," said Nicola Madden-Greig, Group Director of Marketing & Sales for The Jamaica Pegasus Hotel. "Our guests can expect an exceptional experience, with unparalleled service, and an ambiance that is welcoming."

The Pool bar and Lounge also offers a delectable menu of gourmet bites and light dishes, carefully curated to satisfy even the most discerning palates. Whether you're in the mood for a refreshing salad, a delicious sandwich, or a savory snack, jerk and grill specialties, our menu has something for everyone.

“The popular Friday night, Let’s Lyme at the Poolside will be back and other notable events such at Tuesday on the Grill will soon be relaunched”, stated Sheldon Seymour, General Manager.

The Pool Bar and lounge opens daily from 10:00 am to 11:00 p.m. Both the Gardens and the Pool Bar & Lounge are available for private events and functions. For more information, please visit www.jamaicapegasus.com or contact our Sales team at 876-926-3691 or reservations@jamaicapegasus.com.

We look forward to welcoming you to our new Pool bar, Lounge and Gardens, where luxury and relaxation meet in the heart of the city.
