ACQUAPURA SPA ESSENTIALS

Relaxation. Enjoyment. Harmony.

Located on a hill above Rafailovići, nestled in the picturesque landscape of the Adriatic Sea, Falkensteiner Hotel Montenegro offers an unforgettable and relaxing holiday. It is an amazing experience to see the crystal blue sea and sandy beaches, and just a few hours to the north to enjoy the indescribable charms of national parks and lakes of Montenegro.

Thalassotherapy as a natural therapy for the body is the best that the coastal zone can offer us. Spa "sanus per aquam" is a concept where water as a source of life is the most important element in the composition of all living beings.

Improved use of water as our basic treatments with balneotherapy gives you an unforgettable experience of the Mediterranean. Treatments based precisely on the elements of sea water and sea ingredients, represent fast and an easy way to relax and feel how the harmonious balance of our Adriatic fills every vein of your being.

ACQUAPURA SPA

"Acqua pura" means "pure water" and is the essence of the spa worlds in the Falkensteiner Hotels & Residences. Water revitalizes, relaxes and promotes physical wellbeing – it is not without reason that it is considered the elixir of life. From a spiritual point of view, water is assigned to the second energy centre, where creativity, wishes and dreams are anchored.

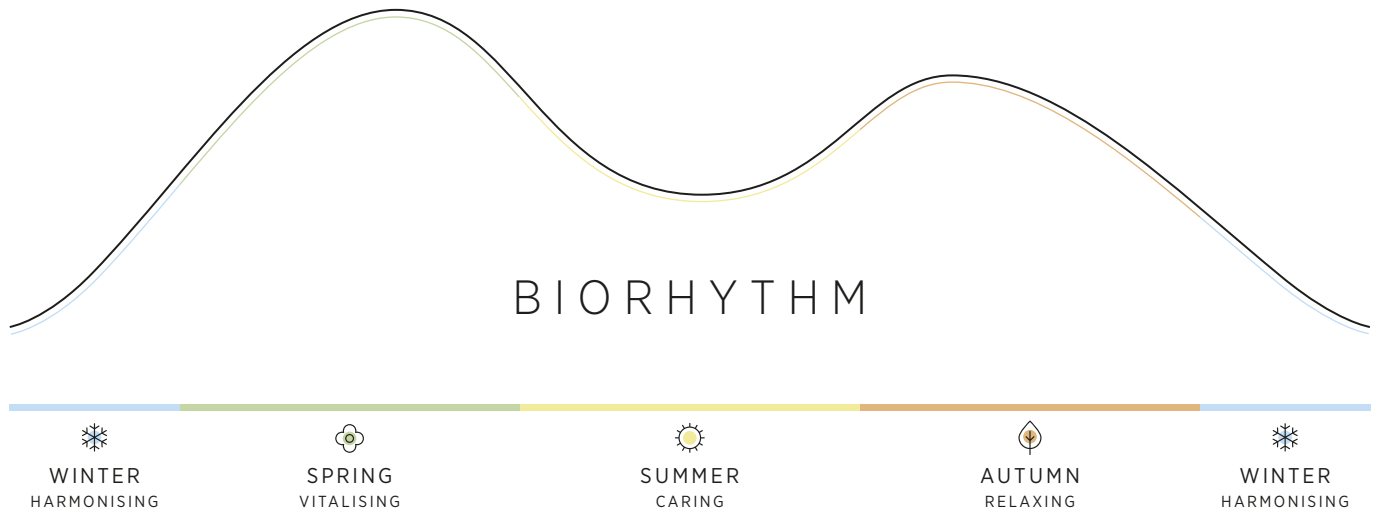

It strengthens the ability to get involved with things and to flow with them. If you connect unconditionally with the element water, this promotes the ability to better accept the unknown and to imagine the future in new ways.

Inspired by living in harmony with nature, everything flows together smoothly in the Acquapura SPA. Here, space is created for free thoughts and inner balance. A pure, holistic spa experience, which above all should create positive states of mind, relaxation, pleasure, joy, health and vitality. The Acquapura SPA is a place where you can rediscover your own centre and simply surrender to the moment.

THE ACQUAPURA PRINCIPLE

Overwhelmed by the complexity of everyday life, many people have partially forgotten to live in harmony with nature and themselves. The Acquapura principle is therefore geared towards personal balance and the natural biorhythm of life. These distinct, rhythmic phases reflect the course of the day and mirror the seasons.

All Acquapura SPA Treatments & Rituals are based exclusively on natural products, combat personal imbalance, and are tailored to individual needs. Energising and vitalising, nourishing and calming, relaxing, balancing and harmonising, or clear and pure.
