Spa Allegretto, Where the Ocean and Vineyard Meet

AAA 4.5 Diamond Designation and Condé Nast awarded resort announces expanded spa program.

July 20, 2022, (Paso Robles, Calif) - The Allegretto Vineyard Resort, a premier wine country destination resort and spa, announced its expanded array of treatments with Osea Malibu. The resort's intrinsic focus on sustainability and naturally-derived products, coupled with its proximity to the Pacific Ocean, galvanized the spa's focus on this naturally sourced brand to complement its offerings.

A getaway within a getaway, Spa Allegretto is a high-touch boutique retreat that exists to create connectivity, unify guest's mind, body and spirit, and guide their senses deeply into the Allegretto culture of joy, discovery, and serenity. Taking a holistic approach, Spa Allegretto's estheticians and massage therapists customize each treatment – from bodywork, scrubs, and facials to meet guests where they are. The boutique spa experience is enhanced by an infrared detox sauna, meditation room with a soothing fountain, couples massage room, and a relaxing outdoor lounge area.

“For couples seeking the ultimate relaxation, we've created a romantic two-hour getaway, which we call the Duo Duo Spa package,” said Spa Director Judy Holman. This two-hour couple's experience begins with your choice of a Hot Stone or Deep Tissue massage, followed by a relaxing Mineralizing Marine Cocoon Wrap with Osea Malibu's Anti-Aging Body Balm and Undaria Algae Body Oil, plus a Scalp Massage. This

is complemented by a hydrating, peptide-rich eye mask treatment by Comfort Zone, the Italian-based spa line. A bottle of Prosecco will be included for guests to share before or after the spa treatments. The Spa Allegretto Duo Duo Spa Package is \$750 per couple.

"We have also rolled out a 4-step cellulite leg treatment by Comfort Zone, that ends with a cryo leg gel, along with various facials, to complement our other package offerings," said Holman. "We are additionally happy to work with our guests to design their ultimate experience with us," she continued.
