Every month a different Sardinia

Our approach to hospitality evolves from year to year, adapting to each type of guest. We fully understand the reasons of those who choose our corner of paradise in south-eastern Sardinia to enjoy the turquoise sea, white sand, cuisine and other services that make a perfect holiday. At the same time, we believe that an immersive experience in the area, which helps to get to know it better is the right answer for those who want to discover the destination at its best, combining moments of relaxation with those of discovery and adventure.

For this reason, we have decided to dedicate a different topic to each month: Sardinia is one but there are so many experiences that guests can enjoy to become experts of the island. For each month, different activities focused on a different topic to enrich a holiday and make it truly a memory-book experience. Choose the ones that suit you best.

Settembre

The month of harvest

September marks the end of summer, although here in Sardinia the weather remains summerish at least until the end of October.

It is a time when the good season is drawn to a close and the fruits are reaped, in every field.

September is a month thriving with activities ideal for discovering the traditions of the area.
