We take pride in supporting our community - especially when it comes to food! If we can't make it in house (like all our jams and granola), we love to source our supplies from local businesses:

Our coffee products are supplied by EcoCafe in St. Jacobs.

Our eggs are from Conestoga Farms, omega enriched, free-range and feed-finished with marigold for a bright yellow yolk.

Grainharvest supplies us with delicious breads so we can start your day off right.
