About Grand Park City Hall

Grand Park City Hall is the flagship luxury hotel of Park Hotel Group, occupying a prime location in Singapore's civic and central business districts. Part of Grand Park City Hall is City Hall Square, a three-storey mixed lifestyle development with a dining, beauty, and fashion boutique created by integrating two century-old conservation shophouses within its modern structure, which comprises 343 guestrooms across 10 floors – a design that perfectly embodies Singapore's unique culture.

By building new upon the old, history and heritage and the hotel fabric become inseparable. Visual touches acknowledge this connection: take the neo-classical aesthetic of the restaurant – a tribute to the Neoclassical and Palladian architecture to nearby landmarks such as the National Gallery, Peranakan Museum, and Supreme Court.

More information is available on its website, Facebook and Instagram.
