

Environmental Policy U Inchantree Kanchanaburi

Effective Date: 1 January 2025

At U Inchantree Kanchanaburi, nestled by the River Kwai under the shade of our iconic Inchantree, we are deeply committed to protecting the natural surroundings that define our unique atmosphere. Our environmental responsibility is guided by clear goals to ensure that guests enjoy a pure, tranquil experience while we operate sustainably for the future.

Our Commitments

1

Energy & Climate Care

- Implement LED lighting and energy-efficient air conditioning throughout the hotel
- Optimize outdoor lighting schedules along the riverside and in garden areas
- Encourage staff and guests to adopt the “switch off when not in use” habit

2

River & Water Conservation

- Install water-saving fixtures such as low-flow showers and taps in guest rooms and public areas
- Promote towel and linen reuse programs for guests
- Treat wastewater responsibly before releasing it, minimizing impact on the River Kwai

3

Waste Reduction & Green Practices

- Eliminate single-use plastic bottles, offering **refillable water bottles** instead
- Provide clear waste separation for recycling and composting food waste
- Collaborate with local suppliers to reduce unnecessary packaging

4

Sustainable & Local Sourcing

- Source fresh produce from **local farmers and organic suppliers** whenever possible
- Select environmentally certified products and partners
- Support local artisans and community-made products to strengthen Kanchanaburi’s economy

5

Community & Nature Connection

- Organize guest activities that connect with nature, such as **tree planting by the riverside**
- Partner with the local community to promote responsible tourism and environmental care
- Engage employees at every level to actively participate in sustainability efforts

U Inchantree Kanchanaburi Sustainability Goals

Our commitment to environmental responsibility is underpinned by measurable goals. We track key resource consumption and waste generation, aiming for continuous reduction across our operations.

Category	Scope	Baseline	Unit	Reduction Target
Electricity	Guest rooms, public areas, lighting, A/C	42,000/Month	kWh	1.5%
Water	Guest rooms, F&B, gardening	500/Month	liters	1.5%
General Waste	Guest activities, F&B, operations	500/Month	kg	3%
Food Waste	F&B, Kitchen, Canteen	850/Month	kg	5%
Energy Consumption for Events (CEO e-Emission Per Guest)				
Half Day (4 hrs)	Riverside Workshop	4.75/ pax	kgCO2-e	1.5%
Full Day (8 hrs)	Riverside Event	5.00/ pax	kgCO2-e	1.5%
Private Dinner (3 hrs)	Riverside Dinner	4.75/ Pax	kgCO2-e	1.5%

These targets reflect our ongoing effort to care for the environment by reducing our footprint throughout hotel operations, guest services, and event experiences.

Environmental Commitments

1. Pollution Prevention

- Properly treat wastewater
- Minimize air pollution by maintaining efficient kitchen and building systems
- Reduce noise pollution to preserve a tranquil riverside environment
- Encourage eco-friendly alternatives for operations and guest services

2. Compliance and Continuous Improvement

- Adhere strictly to all relevant environmental laws and regulations
- Regularly monitor resource consumption and waste generation
- Continuously update practices to improve environmental performance
- Set measurable targets for energy, water, and waste reduction

3. Environmental Awareness and Training

- Provide regular sustainability training for all staff members
- Raise awareness among guests about eco-friendly practices during their stay
- Engage with local communities to promote environmental protection
- Encourage active participation from employees in all sustainability initiatives

This policy is fully supported by hotel management and put into practice by all staff.

It is reviewed every year and updated when needed to keep our environmental goals current and in line with industry developments.
