## Welcome to the Lodge

*The History behind our dining room:*

### The Manor

The Manor features original hand-nailed hardwood floors crafted from 100-foot pine trees sourced in 1911 from Rocky Mountain National Park. The design is contemporary and offers expansive views of Estes Park.

### The Plates

In 2014, The Manor served as host for Great Roads to Great Chefs, an event that assembled culinary professionals from across Colorado for a series of farm dinners. Each plate commemorates a participating chef, and gold stars signify those who received subsequent invitations to return.
