TIME TO RELAX

LA COLECCIÓN

RESORTS BY FIESTA AMERICANA

It is almost winter again, which means closing cycles and beginning anew. And there's no better way for your clients to ring in a new era than by relaxing, re-invigorating, and refreshing at La Colección Resorts. With wellness treatments, personalized service, fun activities, and the most beautiful possible settings, your clients will make memories to last a lifetime.

Beach RESORTS

LIVE AQUA BEACH RESORT PUNTA CANA

At this beautiful resort, where sensory experiences take center stage, guests are immersed in total wellness from the moment of check-in with aromatherapy and a hand massage. At Feel Harmony Spa by Live Aqua, guests have access both to a state-of-the-art fitness room and to relaxing and reinvigorating spa treatments, saunas, steam rooms, massages and more. Among the recommended treatments is the Royal Citrus Ritual—an 80-minute treatment for the face and body that infuses the skin with intense hydration and vitamin C, which dramatically smoothes the surface of the skin thanks to the highly effective exfoliating agents. The ritual combines massages, stretching, and an aromatic foot scrub. This resort, our little Punta Cana paradise, is designed for guests to find the perfect mind-body balance to look and feel their best.

HAVE FUN, INVEST, AND SUPPORT

With the purpose of strengthening education in Mexico, Bernardini Art Gallery & Auction House has organized an auction with a cause that will allocate up to 50% of the proceeds to support a Posadas Foundation program that provides scholarships to outstanding students throughout their academic life, under the condition that they maintain good grades.

In addition to being a benefit event for our children and young people, it is an opportunity to have fun, enter the world of art and make a wise double investment at a special price: for the future of Mexico and the beginning or expansion of your private collection.

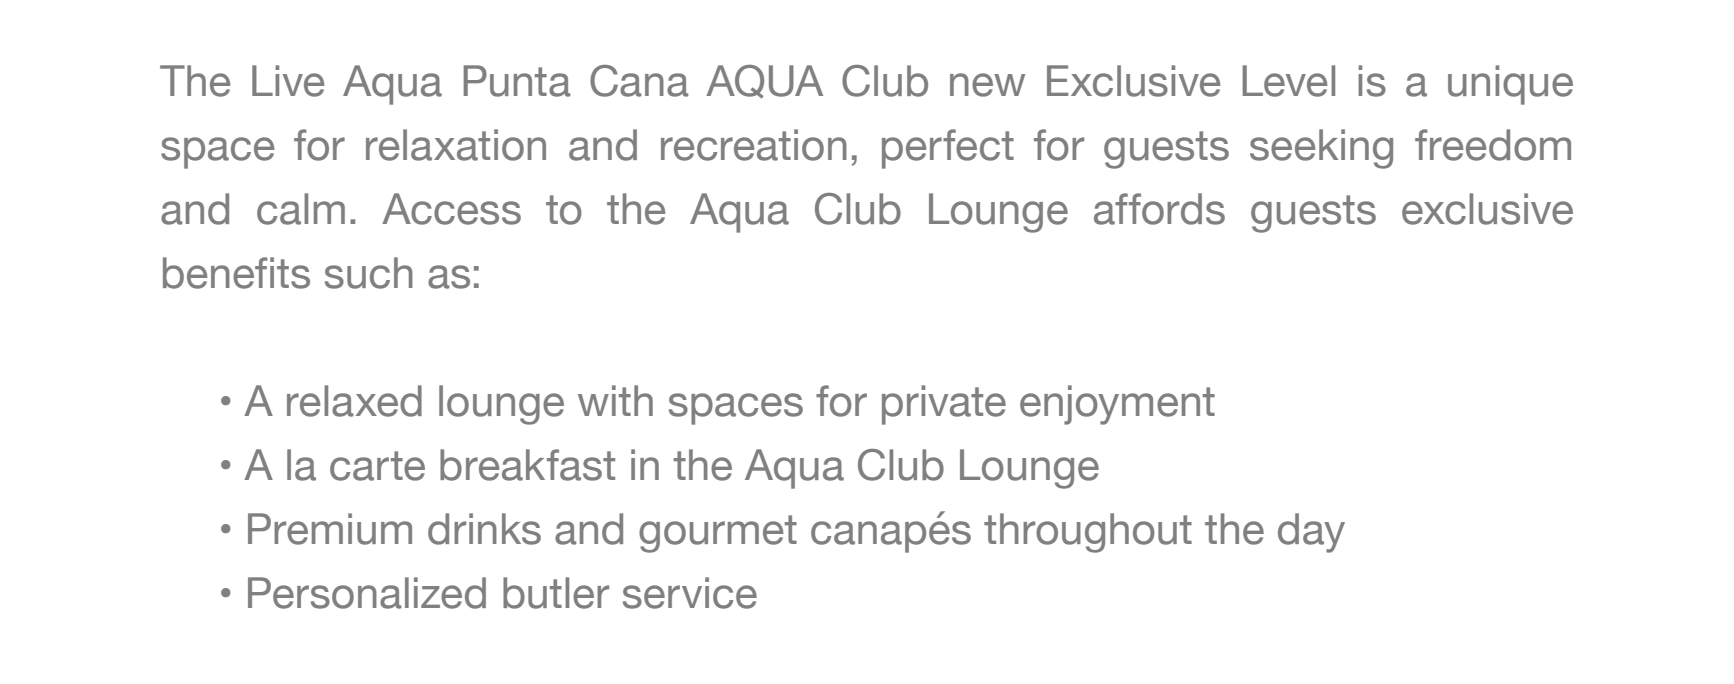

From each auctioned work, a percentage between 5% and 50% will be donated to the Posadas Foundation, an amount that will go entirely to educational scholarships for previously selected students.

DANIELA SEVILLA

BDM of AL, AR, LA, MS, OK, TX

My name is Daniela Sevilla, I'm the new BDM taking over for Don Armstrong (such big shoes to fill).

I often joke I have been traveling since before I could walk, as both my parents are in the industry and I have to experience many destinations all over the world.
