### DAY GAME DRIVES\*

Wildlife conservation is at the core of Serena Hotels' vision of economic, cultural, and social development. The Ol Pejeta Conservancy, located in Laikipia County, provides a home for the Big-5 (lions, elephants, rhinos, buffaloes, and leopards) while hosting one of the richest diversities of wildlife in Kenya.

Daily

#### Time

Morning and Afternoon

### NIGHT GAME DRIVES\*

While part of the world is sleeping, the wilderness comes alive with animals that are well adapted to thrive in the cover of darkness. Night game drives will reveal elusive nocturnal creatures like the aardvark, the bat-eared fox, or even the rare leopard.

Daily

#### Time

7:00pm – 9:00pm and  
9:00pm – 11:00pm

### MEETING THE RHINOS\*

The Ol Pejeta Conservancy, a 600-acre sanctuary, provides a secure environment for the re-population of endangered wildlife – an initiative Sweetwaters Serena Camp supports. Today, the conservancy is home to the last two northern female white rhinos, Najin and Fatu.

Twice daily

#### Time

10.00am – 3.00pm

### LION TRACKING\*

With a total population of 72 lions, the Ol Pejeta Conservancy holds some of the highest predator densities in Kenya. Experience these apex predators in their natural habitats in addition to monitoring them, which helps tackle critical obstacles facing the Laikipia lions and other species in the conservation area. *Roar with the lions now!*

Daily

#### Time

6:30am – 8:30am and  
3:30pm – 5:30pm

NB: \* = CHARGEABLE

### CAMEL & HORSE RIDING\*

Did you know that camels rarely walk faster than humans? Their value lies in their stamina. Camels can travel 60-70km daily at a speed of 12-16km/h with relative ease which is why they were historically used to venture into new lands and territories. If you're looking for a different type of adventure, why not try horse riding? Instructors are readily available for guidance, but participants are encouraged to have a base level of horse-riding proficiency. Learn more about this initiative and book your next ride with the rhinos on horseback today.

	<b>Time</b>
Daily	Throughout the day

### VISIT TO THE CHIMPANZEE SANCTUARY\*

Meet Poco, a 1980 Burundi-born male chimpanzee. In his early life, he spent nine years confined in a cage suspended above a workshop to attract customers. Find out how he was rescued and brought to the Chimpanzee Sanctuary in 1995. The Sanctuary provides lifelong support for orphaned and abused chimpanzees, with 24-hour veterinarian support and a vast enclosure to roam in. Spend the day with Poco, Akeela, Socrates, and others.

	<b>Time</b>
Daily	9:30am – 1:00pm and 2:00pm – 4:30pm

### BUSH DINING\*

From the table, the abounding spectacle of wildlife, spectacular landscapes and the sound of the waters of the Ewaso Nyiro river adds more effect to the open-air bush dining experience.

Under the starry African sky, enjoying the delicious food surrounded by nothing but the sounds of the wild for a truly unforgettable experience.

	<b>Time</b>
Daily	Available on request

### SUNDOWNERS AT THE MARSH VIEWPOINT\*

Few experiences rival the glory of sunset over Africa, a unique and picturesque experience that offers a chance to connect with nature. The sound of crickets and other animals create a soothing background noise, adding to the tranquil ambiance of the marsh viewpoint.
