THERMAL SPRINGS RIVER

A man in dark swim trunks stands on a large, mossy rock in a clear, shallow river. The water is crystal clear, revealing the rocky bottom. The river is surrounded by dense, lush green forest with tall trees and thick foliage. Sunlight filters through the canopy, creating dappled light on the water and rocks.

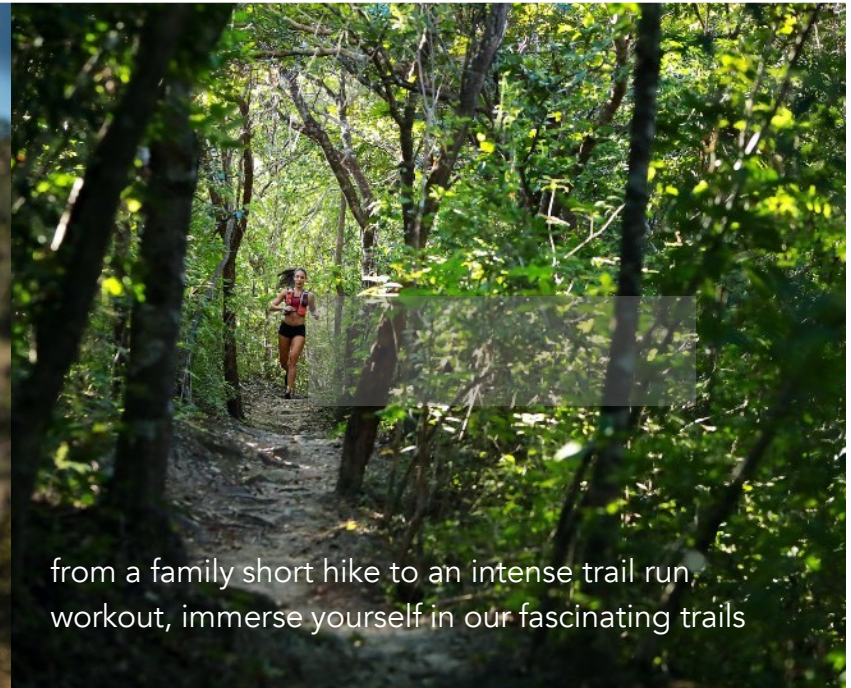

DOZENS OF
HOT MINERAL POOLS
IN A 1 MILE LONG RIVER...

A river flows over large, dark, mossy rocks in a dense forest. The water is clear and reflects the surrounding greenery. The rocks are of various sizes and shapes, creating a natural barrier for the water. The forest is thick with trees and undergrowth, and the overall atmosphere is serene and natural.
