Welcome to The Spa at Shangri-La

Restore your rhythm in the
natural spirit of the lake

Tucked away on scenic Monkey Island—a storied peninsula surrounded by the tranquil waters of Grand Lake—The Spa at Shangri-La is a sanctuary where the land’s legacy and the body’s rhythms meet. Here, wellness isn’t a routine. It’s a remembrance of what grounds us.

Our spa philosophy is rooted in the energy and balance of this place—where wind, water, sun, and soil shape every experience. We blend nature-based therapies with modern science to calm the nervous system, restore alignment, and reawaken joy from within.

Guests enjoy access to a full suite of amenities designed for holistic well-being, including a steam room, sauna, and indoor pool—all available with any spa service. Whether you’re soaking in silence or surrendering to a full-body renewal, wellness flows here, from sunrise meditation to twilight soaks.
