EXPERIENCE DALMATIA

Croatia is renowned for its stunning 1,000-island coastline, clear blue sea and picturesque scenery. It's an ideal spot for beach holidays and its historic Zadar Old Town is just 3.5km from Borik. The city was pillaged and conquered by the crusaders and given to Venice, leaving numerous Venetian ruins today. Zadar's peninsula is full of architectural and historical gems, like the 9th-century pre-Romanesque Church of St Donatus. The city is also full of artists and visionaries looking to the future, with landmarks such as the Sea Organ and the Greeting to The Sun. At the hotel, guests can enjoy the Mediterranean sun at the public beach, just 50m away.

Falkensteiner Club Funimation Borik is located on one of the most picturesque coasts of the Mediterranean Sea, with historical cities and a fascinating hinterland. Right in the center of the region is the city of Zadar, featuring numerous interesting sights and history that goes back thousands of years.

DOŽIVITE DALMACIJU

Hrvatska je poznata po svojoj prekrasnoj obali od 1000 otoka, čistom plavom moru i slikovitom krajoliku. To je idealno mjesto za odmor na plaži, a njegov povijesni stari grad Zadar udaljen je samo 3,5 km od Borika. Grad su opljačkali i osvojili križari i predali Veneciji, a danas su ostale brojne venecijanske ruševine. Zadarski poluotok prepun je arhitektonskih i povijesnih dragulja, poput predromaničke crkve sv. Donata iz 9. stoljeća. Grad je također pun umjetnika i vizionara okrenutih budućnosti, sa znamenitostima poput Morskih orgulja i Pozdrava suncu. U hotelu gosti mogu uživati u mediteranskom suncu na javnoj plaži udaljenoj samo 50 metara.

Falkensteiner Club Funimation Borik nalazi se na jednoj od najlikovitijih obala Sredozemnog mora, s povijesnim gradovima i fascinantnim zaleđem. U samom središtu regije nalazi se grad Zadar s brojnim zanimljivim znamenitostima i poviješću starom tisućama godina.

NATIONAL PARK KRKA WATERFALLS

At 72 kilometres in length, the Krka is the longest river in central Dalmatia and, thanks to the 20 kilometres between Knin and Skradin occupied by the Krka National Park, it is also probably the most spectacular one in Europe. The park has two different scenic routes. Tickets to the park and ethnographic museum can be bought at both the Skradin and the Lozovac. From Skradin, this price includes a half-hour boat trip, and from Lozovac it includes a shuttle train.

NACIONALNI PARK SLAPOVI KRKE

Krka je rijeka duga 72 kilometra te je stoga najduža rijeka u srednjoj Dalmaciji, a zahvaljujući tih 20 kilometara između Knina i Skradina koje zauzima Nacionalni park Krka vjerojatno je i najspektakularnija u Europi. Park ima dvije različite slikovite rute. Ulaznice za park i etnografski muzej mogu se kupiti i na ulazu u Skradinu i na ulazu u Lozovac. Iz Skradina je u ovu cijenu uključena polusatna vožnja brodom, a s Lozovca i shuttle vlakom.

NIN

Our exciting journey takes us to the township of Nin where you get introduced to the highest salt quality in the world. Nin is a town with a glorious past. As a former Croatian royal town and one of the most important cultural centres of the early Croatian state, Nin has unique monuments of early Croatian architecture specific to the 8th and 9th century. Of particular interest is the small Church of the Holy Cross from the 9th century, considered to be the smallest cathedral in the world. Our knowledgeable guide will help you step in another time by sharing curiosities from past with you and introducing to you local stories and legends.

NIN

Naše nas uzbuđljivo putovanje vodi u grad Nin gdje ćete se upoznati s najkvalitetnijom soli na svijetu. Nin je grad slavne prošlosti. Kao nekadašnji hrvatski kraljevski grad i jedno od najvažnijih kulturnih središta prve hrvatske države, Nin ima jedinstvene spomenike starohrvatske arhitekture karakteristične za 8. i 9. stoljeće. Posebno je zanimljiva crkvica Svetog Križa iz 9. stoljeća, koja se smatra najmanjom katedralom na svijetu. Naš stručni vodič pomoći će vam da zakoračite u druga vremena dijeleći s vama zanimljivosti iz prošlosti i upoznavajući vas s lokalnim pričama i legendama.

CANOE/RAFTING

Discover the beauty of nature by exploring the River Zrmanja in a very special way. You will paddle downstream, following the instructions of an expert canoeist.

KANU/RAFTING

Otkrijte ljepotu prirode istražujući rijeku Zrmanju na sasvim poseban način. Veslat ćete nizvodno prema uputama stručnog kanuista.

ZRMANJA CANYON

The Zrmanja Canyon can be explored by canoe or on foot. It is famous as the location of the Winnetou movies.

KANJON ZRMANJA

Kanjon Zrmanje može se istražiti kanuom ili pješice. Poznato je kao mjesto snimanja filmova o Winnetouu.

NATIONAL PARK KORNATI ISLANDS

The archipelago, with its 150 uninhabited islands, islets and reefs, is the most shattered island group in the Mediterranean. From Zadar, take a cruise from one island to another, all the way to a bay of exceptional beauty. It is a paradise for anyone who knows how to enjoy the pure manifestation of an entrancing crystal sea.

NACIONALNI PARK KORNATI

Arhipelag sa svojih 150 nenaseljenih otoka, otočića i hridi najrazvedenija je otočna skupina Sredozemlja. Iz Zadra krenite na krstarenje od jednog do drugog otoka, sve do uvale iznimne ljepote. To je raj za svakoga tko zna uživati u čistom postojanju očaravajućeg kristalnog mora.

NATURE PARK VRANA

The Vrana Lake is an unusual connection of land and water which offers a refuge to different species of plants and animals, offering them all the necessity for life. The lake is unique for its position and characteristics not only in Croatia but also in other parts of Europe. It is in fact a karst valley filled with brackish water and is below sea-level. Hidden in the reed, bird lovers can experience watching the birds nesting

PARK PRIRODE VRANA

Vransko jezero neobičan je spoj kopna i vode koje je utočište različitim vrstama biljaka i životinja, pružajući im sve što im je potrebno za život. Jezero je jedinstveno po svom položaju i karakteristikama ne samo u Hrvatskoj nego i u drugim dijelovima Europe. To je zapravo kraška dolina ispunjena boćatom vodom i nalazi se ispod razine mora. Skriveni u trstici, ljubitelji ptica mogu doživjeti promatranje njihova gniježđenja.

PAG ISLAND

Vacations on the island of Pag not only include beautiful beaches and clear water but also highlights such as a salt museum.

OTOK PAG

Odmor na otoku Pagu ne uključuje samo prekrasne plaže i čisto more, već i znamenitosti kao što je muzej posvećen soli.
