### **Acquapura Blue.Horizon SPA**

The SPA is a private and light-flooded place of power, which inspires all your senses in every season of the year, which touches you and allows you to relax at every level. The visible horizon is a point of orientation for personal pause and balance. It is the connecting line between heaven, earth and sea. The almost infinite blue expanse of the sky and the sea has a calming effect on mental balance and mindful awareness. The SPA combines the energy of water, the primal power of the earth with the infinity of the sky and is inspired by Hawaiian knowledge, rituals and individualized signature treatments. You have fully arrived here, at the sea.

## ACQUAPURA SPA

„Acqua pura“ means „pure water“ and is the essence of the spa worlds in the Falkensteiner Hotels & Residences. Water revitalizes, relaxes and promotes physical wellbeing - it is not without reason that it is considered the elixir of life. From a spiritual point of view, water is assigned to the second energy centre, where creativity, wishes and dreams are anchored.

It strengthens the ability to get involved with things and to flow with them. If you connect unconditionally with the element water, this promotes the ability to better accept the unknown and to imagine the future in new ways.

Inspired by living in harmony with nature, everything flows together smoothly in the Acquapura SPA. Here, space is created for free thoughts and inner balance. A pure, holistic spa experience, which above all should create positive states of mind, relaxation, pleasure, joy, health and vitality. The Acquapura SPA is a place where you can rediscover your own centre and simply surrender to the moment.

THE ACQUAPURA PRINCIPLE

Overwhelmed by the complexity of everyday life, many people have partially forgotten to live in harmony with nature and themselves. The Acquapura principle is therefore geared towards personal balance and the natural biorhythm of life. These distinct, rhythmic phases reflect the course of the day and mirror the seasons.

All Acquapura SPA Treatments & Rituals are based exclusively on natural products, combat personal imbalance, and are tailored to individual needs. Energising and vitalising, nourishing and calming, relaxing, balancing and harmonising, or clear and pure.
