OUR STORY

The Malcolm Hotel is proudly built on the traditional territories of the Niitsitapi (Blackfoot Confederacy) and the people of the Treaty 7 region in Southern Alberta. The history surrounding us comes alive as we reflect on the namesake of “Canmore” and the family heritage of the Kernick family who have owned the land which the Malcolm Hotel has been passionately built for over 100 years.

Originally a dairy farm supplying milk for the local miners, Spring Creek has gone through many phases over the years including an RV and caravan park which housed many local Canmore families. The master vision of Spring Creek has now come to life with the addition of a senior’s village, several condos, locally owned shops and operated services, and of course the beautiful and unparalleled Malcolm Hotel.

Officially opened on November 3, 2018, The Malcolm Hotel boasts 124 rooms, a full-service conference facility, Stirling Grill & Lounge, Three Sisters patio, outdoor heated pool, two hot tubs and a breathtaking outdoor firepit. Our team here at the Malcolm Hotel are leaders in service excellence and are here to provide you with a #Legendary experience.

I invite you to join us on our social media sites to share your experience with your fellow travelers. If you require any assistance at all during your stay, please do not hesitate to let us know how we may be of assistance.

Yours in hospitality,
Andrew Shepherd
General Manager

TOBOGGANING AND TUBBING

TOBOGGANING IN THE BOW VALLEY

Tobogganing is one of the favorite (free) ways to get outside when we're spending the weekend in Canmore or Banff. Bring toboggans with you from home and it's a free activity for the entire family, plus it helps to run off some of that winter energy that comes from being inside a hotel room or condo all weekend long.

CANMORE NORDIC CENTRE

Bring your sleds to the Nordic Centre in Canmore and toboggan on the different hills, suitable for little kids, older kids and even adults. With plenty of parking available too.

EAGLE TERRACE

Depending where you start from on the hill, you can get a nice fast slide down the hill, or a shorter ride (for younger kids). Snow tubing is a whole lot of fun. It is similar to tobogganing, however instead of having to trek to the top of a hill after riding down, a plush towing system will do the hard work for you.
