*The first Fullerton Hotel in Hong Kong envisions a new oceanfront resort experience  
celebrating sustainable luxury*

**Hong Kong, 18 July 2022** – The Fullerton Hotels and Resorts is delighted to announce the Early Stage Soft Opening of [The Fullerton Ocean Park Hotel Hong Kong](#) today. Nestled in the southside of Hong Kong Island with breathtaking views of the South China Sea, the 425-room hotel marks the brand's debut in Hong Kong and its first resort worldwide.

As the latest addition to The Fullerton Hotels and Resorts' portfolio in Singapore and Australia, this opening signifies the expansion of the brand known for its heritage conservation efforts and award-winning offerings. Staying true to the hallmark of the brand, The Fullerton Ocean Park Hotel embraces the early history of Aberdeen, once a bustling trading port filled with the fragrance of incense, earning Hong Kong its Chinese moniker 'Fragrant Harbour'. The waterfront urban resort, a mere 15-minute drive from Hong Kong's Central business district yet worlds away from the city's fast pace, is the ideal holiday retreat.

Apart from visiting the Water World Ocean Park adjacent to the hotel, guests can explore the charms of the dynamic Southside neighbourhood. From taking in the sights and sounds of nature at one of Aberdeen's numerous beaches and leisurely hiking trails, to rediscovering some of Hong Kong's oldest gems at historical temples and fishing market, or experiencing the area's up-and-coming cultural scene through charming local boutiques and exhibitions at neighbouring art galleries, there is truly something for everyone staying at The Fullerton Ocean Park Hotel Hong Kong.

With its unique seafront location backed by lush mountains overlooking Hong Kong's southern archipelago, all 425 well-appointed guest rooms enjoy panoramic views of the sea. The two top-level signature suites both feature a private pool and an expansive outdoor terrace for guests seeking a splendid alfresco getaway, whilst the nine kids-themed rooms are the perfect choice for families wishing to treat their little ones to an unforgettable stay.

Committed to sustainability and guests' well-being, the hotel has attained the WELL Precertification under the WELL Building Standard™ v2, becoming the first hotel project in Hong Kong and Mainland China to receive this internationally acclaimed recognition. This commitment extends to environmental initiatives including the elimination of single-use plastics, sourcing sustainable seafood, and an in-situ hotel farm.
