

# OUR DELI INSPIRED MENU

At Jooma, we not only have a passion for great coffee but also for great food. We believe in artfully creating delicious tasting food that is handcrafted and wholesome.

There just is no substitute for fresh. Our food is made daily using the best ingredients we can source from local small scale growers. We don't believe in short-cuts. Our baking is done using unbleached, GMO free, local stoneground flour, we avoid premixes or anything that contains unpronounceable chemicals. We have great respect for food which is why ours has been made with care, love and great attention to detail.

We hope you enjoy our coffee, food and hospitality and become a regular part of the Jooma family. If you aren't already.
