Explore activities and adventures...

Brighton is a truly unique destination: a vibrant city surrounded by both iconic shores and the stunning South Downs national park.

All these different aspects of the local area make Brighton a truly fantastic destination to experience during your event. Enjoy, explore, and team build with something for everyone, from local vineyard tours to sea kayaking.

Here at The Grand Brighton we can host a variety of different activities for your team, tailored to your interests and around your event schedule. Examples include gin tastings, Grand history tours, and cooking masterclasses, but we're always happy to discuss any activity requests you may have.

This guide to activities for groups in Brighton and the local area contains suggestions under 5 main categories such as 'By the sea', 'In the Country', and 'Local Tours'. Get in touch with our dedicated on-site Conference team to discuss arrangements, bookings, and other possibilities.
