

DAYDREAM ISLAND

Living Reef Brochure

The Living Reef is a free form coral lagoon that wraps 200m around the central building on Daydream Island and is home to over 100 species of local marine life including fish, small sharks, rays and other reef dwelling creatures.

Up to 15m wide and containing 1.5m litres of fresh, filtered sea water, this man made reef system offers a range of ways you can get up close to our resident marine animals. The Underwater Observatory takes you 4m under the surface and showcases a large 7x3m window where you can watch the marine life going about their day. The open learning environment in the Education Centre has 8 living displays showcasing various habitats from mangroves to corals as well as an interactive touch pool.

Activities

Stingray Splash

\$50pp

Take a splash in our shallow lagoon and feed our smaller rays their lunch. Discover why stingrays are called the puppies of the sea. This experience is both educational and truly unforgettable.

Minimum age 6 years. Maximum 6 persons per tour

Guided Fish Feeding

\$50pp

Take a chance to get close and personal with some of the Living Reef residents, including colourful fish, baby reef sharks and sea stars and experience our Touch Pond. Then take a talk and tour of our new Underwater Observatory. This hands on experience is a must do at Daydream.

\$180 Family (2 Adults and 2 children up to 12 years)

Minimum age 4 years and must have accompanying paying adult. 3 years and under FOC with accompanying paying adult. Maximum 12 persons per tour.

Reef Rangers

\$100pp

Join our Marine Biologists as they take you through the restricted areas of the lagoon for a hands-on exclusive look at our Living Reef with time to experience our Touch Ponds. You will assist in the public fish feeding show, as well as Stingray Splash and guided fish feeding.

Minimum age 6 years

Living Reef Guided Snorkel

\$130pp

Join one of our Marine Biologists as they take you into our largest and deepest lagoon for an immersive experience with rays, fish and invertebrates. Learn about all things Great Barrier Reef in the clear calm waters of Living Reef with a passionate and knowledgeable guide. .

Minimum age 10 years. Must be competent swimmer
