

Your event can leave the Sunshine Coast better.

Add local positive impact with an all-in-one solution that turns attendance into meaningful climate action – while engaging and inspiring attendees to restore the Doonan Creek Environmental Reserve.

Add value to your event

Create a story-driven sustainability initiative that differentiates your event from the others in the market.

Strengthen attendee engagement

Give every attendee a personal connection to their positive impact.

Provide measurable outcomes

Showcase your event's commitment to the environment with clear data.

Easy to implement

Designed for seamless integration into any event format.

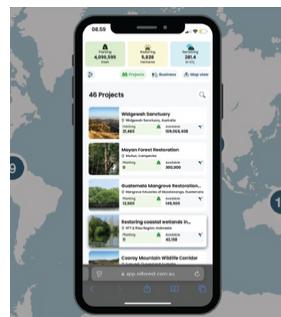

What's included in your event package?

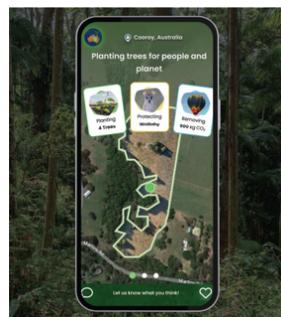

Plant a native tree for every attendee to reduce your event's footprint and create a lasting positive impact, just 25 mins away at the Doonan project.

Seamless integration into your event complete with speaker notes, QR codes, and content to weave into the event program.

A real-time impact dashboard so you can track and showcase your event's contribution to reforestation, CO₂ removal, and habitat repair.

Interactive attendee engagement where each attendee receives their unique tree, making their impact personal and shareable.

Add on enhanced activation options to elevate engagement with an event video, on-site planting experience, or other sponsorship opportunities.

Want to know how to get started?

Plant a tree in the Doonan Project for every attendee for \$10.50+GST & give your event a nature-positive grow-up.
