

Target Market Determination

AAPC MANAGEMENT LIMITED AS RESPONSIBLE ENTITY FOR QUAY WEST SUITES MELBOURNE ARSN 098 343 741

This Target Market Determination is effective from 1 April 2025.

1. What is a Target Market Determination?

This Target Market Determination has been prepared by AAPC Management Limited (**RE, Issuer**) for Quay West Suites Melbourne ARSN 098 343 741 (**Scheme**) and is required under section 994B of the Corporations Act 2001 (Cth) (**Act**). The RE is the responsible entity of, and the issuer of interests in, the Scheme.

The TMD sets out the class of consumers for whom the product, including key attributes, would likely be consistent with their likely objectives, financial situation and needs. In addition, the TMD outlines the triggers to review the target market and certain other information. It forms part of the RE's design and distribution arrangements for the Scheme.

Please refer to the Product Disclosure Statement and any supplementary documents for information on the product, before making a decision whether to enter into the Scheme. This TMD is not intended as personal and/or financial advice and does not take into account any person's individual objectives, financial situation or needs.

2. Class of consumers that comprise the target market for this product

An interest in the Scheme is likely suitable for persons who:

- are an owner of a strata titles apartment (**Apartment**) in Quay West Suites Melbourne complex (**Hotel**);
- are looking for someone to manage their Apartment; and
- are looking for a financial rental return for their Apartment.

Generally, a person is unlikely to be in the target market for the product if they wish to live in their Apartment.

a. Product description and key attributes

This product, being participation of an owner's Apartment in the Serviced Apartment Business conducted at the Hotel (**Scheme Member**), is voluntary and subject to the RE's acceptance. The Serviced Apartment Business is the business of operating Apartments within the Scheme as serviced apartments.

Scheme Members' lease their Apartment to the RE. Under the lease, the Apartment is used in the Serviced Apartment Business. The Scheme is a pooled scheme as the revenue earned and costs incurred from all Apartments used in the Scheme are pooled for the purposes of determining the amount of Rent payable to each Scheme Member under the Leases.

The term of the Lease is for 5 years. However, a Scheme Member's Apartment will remain in the Scheme after this period until the Lease is terminated. Scheme Member's may withdraw from the Scheme on six (6) months' notice at any time and appoint another person to manage their Apartment.

The RE has appointed a related entity to manage the day-to-day operation of the Serviced Apartment Business which is conducted from the Hotel.

Scheme Members do not have to pay the RE any fees to join the Scheme however, if a Scheme Member does participate in the Scheme, the Scheme Member must pay ongoing fees and expenses.

Scheme Members are capable of staying in their apartments subject to the terms of the lease with the RE.

Scheme Members are also entitled to participate in the partner Privilege Program with exclusive range of benefits across 1,000 hotels and resorts across Asia Pacific, plus worldwide recognition as a Gold member of ALL – Accor Live Limitless.

b. How the Scheme is consistent with the objectives, financial situation, and needs of the target market

The Scheme enables owners of Apartments (**Apartment Owners**) to have their Apartment used in the operation of a Serviced Apartment Business involving the renting of Scheme Apartments to guests for the purpose of generating a financial return for Scheme Members. As an interest in the Scheme can only be offered to an Apartment Owner or prospective Apartment Owner, the RE considers the Scheme will be consistent with the likely objectives, financial situation and needs of consumers who meet the criteria set out in section 2.

c. Appropriateness

The RE has based the TMD on an analysis of the key terms and features and attributes of the product and requirements at law and has determined that the key terms and features and attributes of the product as identified in section 2a are consistent with the common objectives, financial situation and needs of the identified class of consumers as identified in section 2.

3. Distribution of this Product

a. Distribution channels

This product is designed to be distributed by the RE and its representatives. The RE distributes the product by periodically offering the product to Apartment Owners who are not Members of the Scheme and to prospective Apartment Owners (being persons who enter into a contract to purchase an Apartment) of whom the RE becomes aware.

b. Distribution conditions

An Apartment Owner must enter into a Lease with the RE or, for a person who acquires an Apartment which is subject to an existing Lease, sign an acknowledgment of Lease in order to join the Scheme. To enter into a Lease or acknowledge an existing Lease the person must be an Apartment Owner.

c. Adequacy of distribution conditions and restrictions

The RE considers distribution of the product via the RE and its representatives and the requirement for the consumer to be an Apartment Owner is likely to ensure the consumer is in the target market.
