We at Woodcut acknowledge the Gadigal people, the traditional custodians of this land in which we have gathered. We pay respect to the Elders of the past, present and emerging.

The wine program at Woodcut is a storybook detailing an intimate background of provenance, winemakers and viticulturalists. It celebrates both conventional and experimental methods, braided with the intent to find different and unique expressions of the terroir in which their hands toil.

Our list showcases iconic wines and historical houses balanced with the unknown and upcoming game changers.

Australian regional wines are celebrated on Woodcut's wine list however we will also highlight international favourites in addition to curated cellar list.

Our focus at Woodcut is on excellence in wine making, favouring those with regenerative land principles, sustainability and wines that at their core, have a story that we believe we need to tell.

## BIRTHPLACES OF AUSTRALIAN WINE

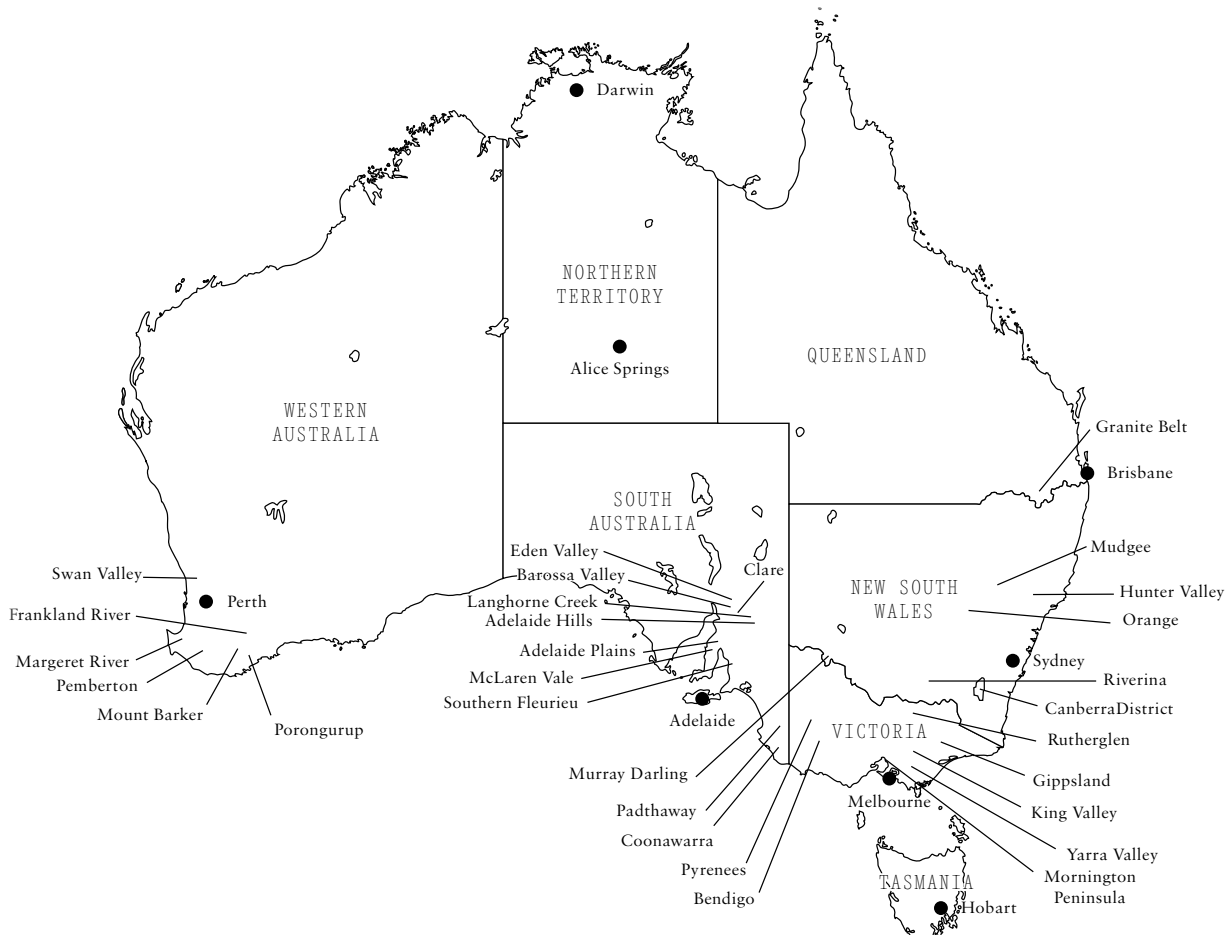

The area around Sydney has the longest history of grape growing in Australia. The original grape vines came with the First Fleet and were planted at Sydney Cove in 1788. New South Wales is Australia's most populated state, but it represents only about 30% of Australia's total production on an annual basis. Subsequent to the initial vines arriving in 1788, Captain John Macarthur planted vines near Camden and Gregory Blaxland planted vineyards around the Parramatta River in the early 1800s.

James Busby's collection of 362 vines, originally planted at the Botanical Gardens, was the most significant development in the early history as cuttings of these vines made their way to other parts of NSW, Victoria and South Australia.

The State, lying on the continent's east coast, boasts an incredibly diverse range of climates, including coastal, like the Shoalhaven Coast region lying south of Sydney, to Alpine, across the top of the Great Dividing Range, where hardy growers persist at over 500m above sea level.

Moving west over the Great Dividing Range and along the inland flowing Murrumbidgee and Murray Rivers are the warm-climate regions of Riverina and Perricoota and the northern portion of the Swan Hill and Murray Darling. One of Australia's best known and most historic wine regions – the Hunter Valley – is located just north of Sydney, Australia's business and multicultural centre.
