Phuket, 25 September 2019: Aleksandra Milewicz CEO and founder of Bamboo Yoga, Hong Kong, partners with Amatara Wellness Resort, Phuket's leading luxury resort for holistic health & wellbeing, to host an incredible 3-day/2 night's Bamboo Yoga retreat during 6th – 8th December 2019 following the success of the first retreat earlier in the year. This exclusive energetic package includes accommodation, full board healthy meals, a roundtrip airport transfer from/to Phuket International Airport, Bamboo Yoga aerial beach sessions, a studio aerial yoga class, 3 yoga classes, and special discounts to enjoy the stay at Amatara Wellness Resort. The prices start from USD 880 (or THB 26,981).

The idea to practice aerial yoga on bamboo tripods was born after Aleksandra completed her flying yoga teacher training. She wanted to take her practice outside of the studio into beautiful nature. Bamboo was the perfect material to build tripods as it is extremely strong and light. 'I love aerial yoga for its healing benefits and playfulness. I believe that going upside down is a great way to decompress the spine, stretch the entire body, release endorphins and stay young. With the support of aerial hammock, anyone can do an inversion in their first class. My mission with Bamboo Yoga is to bring the aerial practice into nature and introduce it to as many people as possible. Join me at Amatara for this 3-day retreat on the beautiful island of Phuket and learn how to fly!' said, Aleksandra. This will be the second retreat Aleksandra hosts her seaside bamboo aerial yoga retreat at Amatara Wellness Resort as a continuation to its first successful retreat did earlier in August this year.

'When we talk about yoga, there are so many different forms but they all have same goals - to clear your mind and improve your physical. Bamboo Yoga might sound challenging, but it allows you to try something new for your yoga journey. The good thing about this yoga retreat is it doesn't matter if you are a beginner or an advanced yoga practitioner, you still get a good chance to practice in a fun different way. To fly freely over the ocean, it helps to let go of any thoughts, any tensions, be yourself and create your own shape. I'm glad that Amatara Wellness Resort is selected to be the venue and because of several fantastic feedbacks from the first retreat in August, we don't have any hesitation at all to incorporate and arrange the second one this year during 6th - 8th December 2019. Amatara is a perfect place that you can enjoy the healthy cuisine during the retreat which even benefit your visit in one goal. Bamboo Yoga, Hong Kong

Founded and headed by Aleksandra Milewicz, Bamboo Yoga is a unique concept of aerial yoga practiced on a bamboo tripod. There is a beautiful parallel between bamboo and yoga. Bamboo symbolizes strength, acceptance of the natural flow and openness to wisdom in emptiness. Just like yoga, bamboo means commitment to continuous growth and living a simple and straightforward life. It combines upright integrity with accommodating flexibility. Both yoga and bamboo have the perfect balance of grace and strength, or the Yin and the Yang to create a wholeness, peace, and happiness. Started in Hong Kong, Bamboo Yoga has its home on one of the most beautiful beaches in Hong Kong – Sai Wan beach. Bamboo Yoga is a 100% safe and fun activity for the curious. If you like the thrill of trying new things that empower while connecting with nature and your own body then you will love Bamboo Yoga.
