There, ski school staff await them and bring them to the ski school at the summit. Children in full-day courses will have lunch together in the ski area and are brought back to the Lido by the hotel shuttle at the end of the day, arriving at the hotel at around 5 PM.

IMPORTANT: On the first and last day of the ski course, parents must personally bring their children to and pick them up from the ski school at the summit. This ensures orientation and safety.

Skis can be stored at the ski school when booking a full-day course.
