

Environmental Policy Eastin Thana City Golf Resort Bangkok

Effective Date: 1 January 2025

At Eastin Thana City Golf Resort Bangkok, we are committed to conducting our operations in an environmentally responsible and sustainable manner. We recognize the impact our activities have on the environment and strive to minimize this impact through continuous improvement, innovation, and collaboration.

Our Commitments:

1

Energy Conservation

We will reduce energy consumption through:

- The use of energy-efficient lighting, appliances, and systems
- Regular maintenance of equipment to ensure optimal performance
- Encouraging staff and guests to adopt energy-saving practices

2

Water Management

We aim to reduce water usage by:

- Installing low-flow fixtures in guest rooms and public areas
- Promoting towel and linen reuse programs for guests
- Monitoring water usage and addressing leaks promptly

3

Waste Reduction and Recycling

We are committed to minimizing waste generation by:

- Reducing single-use plastics and offering refillable or biodegradable
- Implementing a robust recycling and composting program
- Working with suppliers to minimize packaging and source reusable pr
- Reduction of Food waste

4

Sustainable Sourcing

We prioritize eco-conscious procurement by:

- Purchasing locally grown, organic, and seasonal produce where possible
- Choosing environmentally certified products and suppliers
- Supporting ethical labor and fair-trade practices

Eastin Thana City Golf Resort Bangkok Sustainability Goals

Our commitment to environmental responsibility is underpinned by measurable goals. We track key resource consumption and waste generation, aiming for continuous reduction across our operations.

Category	Scope	Baseline	Unit	Reduction Target
Electricity	Guest rooms, public areas, lighting, A/C	104,000/Month	kWh	1.5%
Water	Guest rooms, public areas, F&B	17,084/Month	m ³	1.5%
General Waste	Guest activities, F&B, operations	800/Month	kg	3%
Food Waste	F&B, Kitchen, Canteen	3,600/Month	kg	3%
Energy Consumption for Events (CO2 - e Emission per meeting room)				
Half Day (4 hrs)	Meeting 1	36.47 kWh	14.59 Kg CO2-e	1.5%
Full Day (8 hrs)	Meeting 2	72.88 kWh	29.15 Kg CO2-e	1.5%

These targets reflect our dedication to reducing our environmental footprint across all hotel operations and services, including event management.

Pollution Prevention

We strive to prevent pollution through:

- Responsible chemical handling and storage
- Using environmentally friendly cleaning products
- Proper disposal of hazardous and non-hazardous waste
- Reduce GHG/CO2-e EMISSION
- Green meeting + measuring Function space and usage

Compliance and Continuous Improvement

We comply with all relevant environmental laws, regulations, and standards.

- We monitor, measure, and report on our environmental performance regularly
- We set measurable objectives and targets to improve our environmental impact

Environmental Awareness and Training

We empower our team and inform our guests by:

- Providing regular environmental training to staff
- Engaging guests in our green practices through signage and in-room information
- Hosting or supporting community clean-up and conservation efforts

Responsibility and Review

This policy is supported by hotel management and implemented by all staff members.

It will be reviewed annually and updated as necessary to ensure it reflects our environmental goals and industry advancements.
