

# SUSTAINABLE PROCUREMENT POLICY STATEMENT

The Management of One Farrer Hotel is committed to providing products and services with green considerations to its guests, stakeholders, and associates as we work towards a more sustainable purchasing eco-system contributing to the Singapore 'net zero emissions' 2050 goal.

In the One Farrer Hotel Purchasing Department, we will ensure that all our relevant vendors for goods and services will be fairly sourced and equally reviewed prior to entering into negotiations with them for purchasing their goods and/or services. This review includes an understanding of their sustainability levels by way of a questionnaire, product offerings and industry reviews.

We understand that sustainable options in purchasing will help conserve not just the larger environment but also the local community. In line with the 3 pillars of Sustainability in One Farrer Hotel; Environmental Stewardship, Community + Cultural Engagement and Organizational Responsibility, the Purchasing Department of One Farrer Hotel is committed to doing our best to source for sustainable solutions ideal for One Farrer Hotel.

## **The senior management along with the Purchasing Department of One Farrer Hotel will ensure that:**

- I. *We will use the best of our efforts to prioritize locally produced goods and services*
- II. *We will schedule and compile purchases to reduce delivery frequencies from vendors to reduce carbon emission*
- III. *We will maintain a comprehensive list of sustainability levels of our suppliers and share this with our partners should there be a request*
- IV. *We will encourage vendors to consider sustainability initiatives*
- V. *We will commit to choosing sustainable appliances that meet official local energy efficiency and efficient water consumption standards where available; and*
- VI. *We will use, as far as possible, products with sustainable materials that are reusable, recyclable and/or biodegradable.*
- VII. *We will commit to not purchase, sell or display historical or archeological artefacts except as permitted by local and international law.*
- VIII. *We will commit to not harvest, consume, display, sell or trade wild animals.*

**By playing our part through these efforts, we will help contribute to a landscape that is both sustainable and cost effective for our guests, stakeholders, vendors and associates.**
