## Every month a different Sardinia

Our approach to hospitality evolves from year to year, adapting to each type of guest. We fully understand the reasons of those who choose our corner of paradise in south-eastern Sardinia to enjoy the turquoise sea, white sand, cuisine and other services that make a perfect holiday. At the same time, we believe that an immersive experience in the area, which helps to get to know it better is the right answer for those who want to discover the destination at its best, combining moments of relaxation with those of discovery and adventure.

For this reason, we have decided to dedicate a different topic to each month: Sardinia is one but there are so many experiences that guests can enjoy to become experts of the island. For each month, different activities focused on a different topic to enrich a holiday and make it truly a memory-book experience. Choose the ones that suit you best.

# July

## The month of art

Sardinia is an open island.

Even from an artistic point of view, it preserves unique traits that characterise it in the world but, at the same time, it is willing to receive new influences and contemporary contaminations from everywhere.

That is why in July, our resort becomes home to artists of all kinds!

## SPECIAL EXPERIENCES

### 26 JULY - DINNER WITH A CULINARY ARTIST

Theodor Falser, South Tyrolean star chef and author of the dinner menu at our Kento Bay Restaurant & Lookout, where he offers Pan-Asian cuisine made with Sardinian ingredients, will be present at the hotel and offer a special menu to our guests. The wine pairing is by Cantina Siddura. For information and reservations, please contact the hotel reception.

### FEAST OF MADONNA DEL NAUFRAGO IN VILLASIMIUS

This festival is held in Villasimius every year on the third weekend of July to invoke the Virgin's protection for all those crossing the sea. The festival begins on Saturday with a procession from the parish church of San Raffaele carrying the image of the Virgin to the port on a typical cart - the tracca - decorated with fruit and flowers and pulled by oxen. The most evocative moment of the festival takes place on Sunday, when, after the celebration of Holy Mass in the harbour square, the procession of boats to the Isola dei Cavoli begins. Here, the town priest dives with a group of divers to a depth of 10 metres, where he recites a prayer at the foot of the submerged statue - created in 1979 by sculptor Pinuccio Sciola - depicting the Madonna and Child. The prayer is heard over loudspeakers by the faithful, who watch the ceremony in the water or on the boats and throw beautiful wreaths of flowers into the water. At the end of the prayer, they return to the port where fish and local products are tasted, along with dancing, singing and fireworks.

### RESORT'S ART PROGRAMME WITH NUAR ART GALLERY

From 24 to 26 July, various activities with artist Martina Vanda at the facility. Every Tuesday for the little ones there is the Kids Art Lab!
