Right at the hotel reception, you will find a large entertainment space, welcomed by us and our entertainers, with a dazzling luxury wardrobe from the era and infectious music inviting you to the start of this celebration.

The night will be filled with great moments inspired by the fun and engaging styles of this period, such as the music of the era, from the 70s, 80s and 90s that marked the golden years of Disco and Pop Music. It will surely bring back many good memories and take you on a journey through eras full of life and joy, where we've chosen the best moments to spend this evening.

All of this, along with the professionalism and friendliness of our staff, will ensure that you have a fun and stylish evening with elegance. It will be a night full of smiles, good moments and a lot of joy to welcome this year in the best possible way.

Come and experience these great emotions in our cheerful, friendly and always very professional company.

Our New Year's Eve Party 2023/2024 will start with a welcome cocktail with canapés and drinks at 7:30 PM, followed by the opening act of the show. After that, the Gala dinner will begin in our main hall, always accompanied by various moments of entertainment and music.

At midnight, we will enter 2024 with the DJ's music and an open bar available, with supper served between 1:30 AM and 2:00 AM. All of this with drinks included.
