

CHILDREN'S RIGHTS POLICY

At CVK Hotels & Resorts, it is our primary responsibility to recognize children as individuals, respect their rights, and protect and safeguard them from all forms of psychological, physical, and commercial exploitation.

To fulfill this responsibility, we do not allow child labor within our organization and expect all our business partners to demonstrate the same sensitivity.

CVK Hotels & Resorts provides environments and opportunities that support the development of children, where they can freely and comfortably express their thoughts, wishes, and emotions, and feel safe and at ease.

We offer training opportunities to our employees to help prevent child abuse and increase awareness. We ensure that children are always under adult supervision during any activities they participate in. We support Child-Friendly Tourism and its core principles. We maintain communication with national and international institutions and organizations related to children.

In the event of any suspicious activity involving children within CVK Hotels & Resorts, we fully cooperate with official institutions and authorities.

At CVK Hotels & Resorts, in all our projects, we strive not only for the well-being of the children of our employees and guests but also to help maintain the smiles of children all around the world.
