

IROLLER BY PULLMAN

HYBRID VIRTUAL MEETINGS MADE EASY AT PULLMAN & MERCURE BRISBANE KING GEORGE SQUARE

A MEETINGS AND EVENTS ICON

With hybrid working becoming the norm, and travel still not entirely possible for everyone, iRoller by Pullman offers the perfect solution for meetings and even social gatherings.

Using the latest technology, the iRoller allows remote workers to physically access any event held at Pullman & Mercure Brisbane King George Square without actually being there. The iRoller takes everything we know and love about video calls to the next level, putting the virtual attendee on a mobile base that is able to navigate and self-balance.

Speak to us today about having an iRoller at your next event.
