

A Stunning Spa Experience

Our day spa programmes are designed to meet your individual health and beauty needs and offer the opportunity to get the most value out of your visit.

For flexibility and convenience our day spa packages are time orientated, as opposed to treatment led. They incorporate a combination of dedicated therapist treatment time coupled with the opportunity for you to relax in our beautiful spa facilities including our gorgeous swimming pool, deliciously hot steam room, relaxing Jacuzzi and warming sauna.

So, booking an Imagine experience is based on you making just two decisions:

1. How much time you can spend with us
2. How you want to feel when you leave us - relaxed, revitalised or restored

Our time packages come as a half day option, so, once you know how long you will be spending with us, you can choose between three programmes, each designed to provide a slightly different experience.

The Discover Experience - for the first time spa goer who may be unsure about having treatments and therapies, or for those who prefer to have more time simply relaxing in our spa facilities, the Discover package offers a great way for you to discover the delights of the day spa.

The Enrich Experience - if you can't decide whether its more treatment time or relaxation in our thermal suite time you want, why not opt for the Enrich experience giving you time to make the most of both? Kick back and we will bring you back to your very best and leave you feeling on top of the world.

The Indulge Experience - is pure pampering at its best! With extended treatment time you can enjoy more of our fabulous therapies and still have plenty of time relaxing in our gorgeous spa facilities.

At this stage no specific treatment booking is required in advance. Part of your overall experience is the freedom to select your treatment on the day of your visit. Choose from our extensive range of massages, facials and body treatments to suit your needs.

When you arrive - Sit down and tell us how you feel. We will encourage you to tell us if there are specific areas you would like to concentrate on and most importantly how you would like to feel when you leave us at the end of your spa day - relaxed, restored or revitalised.

Our therapists will then go through our range of face, body and alternative treatments we offer and help you to create a personalised plan tailored to meet your needs.

We'll then take you on a tour of the facilities explaining their benefits to you, then all you need to do is lie back, relax and enjoy the Imagine experience!

The treatment time included within these packages is designed for any of our massages, facials or body treatments. Any of the treatments from the finishing touches menus can be booked as additional to your package, subject to availability.

When you leave - We want you to have both enjoyed your time and developed a greater understanding of the short and long term benefit of Spa treatments. All we ask is that you tell us how you feel, what worked for you and how you 'Imagine' your next visit to us will be.

So now you know the Imagine concept, simply use our at a glance guide to select the perfect experience for you.
