The Kimberly Hotel

collinstuohysmith I can't believe it's already been a week since this picture was taken. We had the most amazing time at NYFW. Staying at the @kimberlyhotel this year was a dream! From the moment we checked in our stay was amazing. Plus, the rooms are HUGEEEE, which is such a bonus. I'd recommend staying here to anyone and everyone visiting NYC. Where should we go next? Working on my round up post from fashion week. What do you guys want to know, or have questions about? Throw them in the comment section below and I will get them added to my post. <http://liketk.it/2ETFK> #liketkit @liketoknow.it #ltkxnyfw
