Safety Precautions

During your stay with us we would appreciate it if you would assist us by taking the following measures to ensure the security and safety of your personal belongings.

Emergency Exits

Please familiarize yourself with the nearest fire exit. A diagram located on the back of each door shows the location of the nearest fire exit. Please exit the hotel using the stairs, as the elevators automatically move to the lobby level during a fire alarm. For further instructions see the safety sections of this directory.

Your Valuables

- Safety deposit boxes are available free of charge at the Front Desk. We urge you to use this service for the retention of your valuable property.
- Do not leave valuables in your vehicle.
- Do not draw attention to yourself by displaying large amounts of cash or expensive jewelry.

Room Security

- When entering or leaving your room, please double check to ensure that your door is properly locked.
- Prior to retiring for the night, double lock your door by engaging the deadbolt above the door handle. This ensures unauthorized entry to your room will not occur. Doors to adjoining rooms should be kept secure.
- If there is a knock at your door, always ascertain through the peephole who is outside. Do not admit strangers into your room. Any suspicious persons should be reported to the Front Desk. When you are unsure of any employees identity, you may call the Front Desk to verify. All hotel employees are required to wear name tags and/or uniforms.
- Don't needlessly display guestroom keycards in public or leave them on a restaurant table or unattended where they can be stolen.

Fire Safety Precautions and Procedures

- For your safety, all rooms are equipped with smoke detectors and fire rated doors. All hallways have fire sprinklers, audio warning, and light systems.
- In the event of a fire alarm, please evacuate the building and head to the Glenmore Inn Sign next to the drive way from Ogden Road. Hotel staff will be waiting to take your name.
- Before leaving your room upon hearing a fire alarm, please check the door of your room for heat, if there is no heat, leave your room and head to the nearest exit. Check the map on your door first.
- If the hallway is smoke-filled please crawl along the wall until you come to the nearest exit.
- Should you feel heat at your door, remain calm. Call the Front Desk and give them your room number, your name, and how many people are in the room. A city fire rescue team will be dispatched to you quickly. At no time should you open your window as extra oxygen will suck the fire into your room. Please be patient. The hotel is located three minutes from the fire station. Within three minutes of hearing the alarm they will be at the hotel, as this is automatic upon the alarm sounding, whether it is a real alarm or false alarm.

High Speed Internet

Available in Premier Tower rooms only, simply plug your laptop into the designed section of the phone jack located by the desk in the room, click on the Internet Explorer Icon, and follow the instructions.

The high-speed internet service is complimentary during your stay.

Wireless Internet

Complimentary Wireless Internet is available throughout the hotel. Connect with your wireless enabled laptop.

Fax Services

Faxes can be sent from our Front Desk. Applicable charges will be added to your account. There is no charge for received faxes under 10 pages. To receive a fax, the hotel fax number is (403) 236-8035.

Photocopies

Photocopying can be done by our Guest Service Team at the Front Desk. Applicable charges may be applied to your room.

Audio Visual Rentals

Speakerphone, Laptop Computers, and Audio Visual Equipment are available to rent. For certain items please allow time for delivery. Contact our banquet and catering team by dialing extension 5291 on the phone or stop by the Front Desk for more information.
