AMORA HOTEL BRISBANE SUSTAINABILITY POLICY

Amora Hotel Brisbane is committed to achieving best practice environmental and social sustainability and has partnered with EarthCheck, the world's leading Benchmarking and Certification provider.

Amora Hotel Brisbane is a 296 room accommodation complex on the fringe of the central business district of the Brisbane CBD, situated in the Spring Hill precinct of Brisbane. The hotel includes five star self-contained suites, conference facilities, swimming pool, gymnasium, a series of food and beverage outlets open to the public. Brisbane is the beautiful ancestral homelands of the Turrbal Tribe, the traditional owners and custodians of the land and are significant to the local people.

At Amora Hotel Brisbane, we recognise the activities of our Hotel have the potential for negative impacts on the environment and community if not properly managed. As such we have implemented an Environmental Management System that meets the requirements of the EarthCheck Company Standard. Amora Hotel Brisbane is committed to continual improvement measured by way of annual Benchmarking Assessments. The team at Amora Hotel Brisbane strives towards minimising our footprint on the environment by implementing sustainable initiatives aimed at improving the hotel's performance, reducing the use of Energy and Water and the production of Waste.

Amora Hotel Brisbane will comply with all relevant legislation and regulations, and aims to achieve international best practice. We have appointed our Chief Engineer as the EarthCheck Coordinator, who has responsibility for improving the Hotel's sustainable performance.

Special consideration will be given to employing and empowering local employees, and wherever possible sustainable products and services will be sourced locally in accordance with Fair Trade principles.

We encourage staff to present our commitment to environmental and social sustainability to all key stakeholders including guests, suppliers and contractors.

John Bristowe,
General Manager
