

Welcome to the Crow's Nest. Perched on the sixth floor overlooking Marquette's lower harbor, we share some of the most dazzling views of Lake Superior from inside the historic Landmark Inn. The hotel, once known as the Northland Hotel, the Old Marquette Inn, and now the Landmark Inn, holds a story as rich and fascinating as the town itself. In the mid-70s, the sixth-floor restaurant opened the Crow's Nest, which became a must for top-notch cocktails with a view. Changes in ownership opened another vision of the cocktail lounge, The North Star Lounge, while giving a breath of fresh air in the late 90s. Again, through the transformation and evolution of this staple craft cocktail lounge, we've reimaged what an experience of comfort and top-notch service should be while providing an elevated cocktail experience. We've also preserved the lounge's original title, "The Crow's Nest." As you browse our menu, you'll find a selection of drinks that pay homage to the inn's illustrious past, including staple classics and innovative iterations. We pride ourselves in using fresh ingredients, a multitude of flavor options, and not only the availability of spirit-forward drinks, but also the option to imbibe zero-proof. Whether in the mood for an all-time favorite or our current concoction, we're pleased to have you in today and look forward to creating an unforgettable experience. Thank you for your patronage.
