ROCKAWAY HOTEL

The new **Rockaway Hotel** is a laid-back retreat laced with beach-inspired luxuries such as custom teak-and-rattan beds, vibrant greenery and a serene spa. The 53-room hotel was designed by Morris Adjmi Architects to pay homage to its historic neighborhood, and Curious Yellow Design was tapped to create the playful interiors influenced by 1960s beach culture. From chic Sam Stewart lighting in every guestroom to hand-painted geometric tables at The Rooftop, there are design elements to swoon over everywhere. The pool deck and bar features stylish private cabanas as well as an open lounge area for lots of al fresco dining options.
