HOT AIR BALLOON

Take in the absolute best views of Park City and Midway with a hot air balloon ride high above the town. With the balloon fully inflated and the colorful panels of fabric standing at attention, hot air balloon rides are recommended even for those with a fear of heights—as long as they are not in a state of panic—and some have even cited the experience as helpful in overcoming this fear. The ascension to the sky will take place gradually over 1,000 feet up in the air before noticing the height climbed.
