

Payments and charges:

Charges will be applied onto your account fortnightly. Your payments are made in advance of your charges, which means that your UniLodge accommodation account should always have a positive balance.

How to make payments:

For your deposit amount, and initial 4 or 5-week payment you will be sent a link to our online payment gateway. Your initial instalment is applied at the end of your stay. Outside of this you will need to sign up for direct debit payments from your nominated bank account. You will receive direct instructions on how to complete this in your emails.

If you do not sign up for a direct debit through a NZ bank account, you will be required to pay the semester upfront.

Hold a UC Scholarship?

We will work with those on UC scholarships on their payments individually, they do not contribute to your advance payments required at the start of your residential agreement.

Payment dates:
